Introduction

The FY 2006 Consolidated Annual Performance and Evaluation Report (CAPER) is a consolidated report on activities in the following U.S. Department of Housing and Urban Development (HUD) entitlement formula grants received by the City of Minneapolis: Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), HOME Investment Partnerships (HOME), American Dream Downpayment Initiative (ADDI), and Housing Opportunities for Persons with AIDS (HOPWA). The FY 2006 CAPER covers the 12-month program year June 1, 2006-May 31, 2007. It also serves as the second annual report on the 2005-09 Consolidated Plan Five Year Strategy.

HUD would like to see that communities provide citizens with a comprehensive report on Consolidated Plan activities in a format that is understandable and demonstrates strategies undertaken. The CAPER is an attempt to do this. This report summarizes the variety of HUD-funded activities which assist City residents, especially its low- and moderate-income residents, in furthering and achieving economic opportunities. While the report attempts to provide information in a readable format, it still needs to meet statutory and regulatory information requirements. Therefore, additional statistical reports for purposes of monitoring and review are accessible to HUD through the Integrated Disbursement and Information System (IDIS). This report and its narrative summarizes information found on IDIS reports. Selected detailed IDIS reports are contained in the Appendix.

The Office of Grants & Special Projects in the Intergovernmental Relations Department oversees and produces the CAPER with assistance and input from the City's Finance Office and various other city and community partners. The contact person for any questions on the CAPER is:

Matt Bower
Office of Grants & Special Projects
Room 301 M, City Hall
City of Minneapolis
350 South Fifth Street

I) Citizen Participation

Goal CP-1	Encourage Citizen Participation in the Consolidated Plan
Objective CP-1a	Support citizen participation processes that facilitate community input into all phases of Consolidated Plan development and implementation
Objective CP-1b	Provide timely data and analysis to inform citizens

The 2006 CAPER is required to be made available for at least a 15-day review period before its August 30, 2007 submission to HUD. The City of Minneapolis has many processes for involving citizens in its decision making; including city council committee meetings, neighborhood revitalization meetings, numerous boards and public hearings designed to solicit public comments.

a) Public Hearings

The City's Consolidated Plan citizen participation plan encourages the inclusion of all City residents throughout the Consolidated Plan development process-- especially low-income residents who are the primary clients for HUD programs, non-profit organizations and other interested parties. At least three public hearings are held each year to address housing and community development needs, development of proposed activities, and review of program performance.

b) Notification and Access to Hearings

To ensure broad-based participation, extensive communication efforts are used during the implementation of the City's Consolidated Plan citizen participation plan. A mailing distribution list of approximately 200 names is revised continuously. The list includes public, private and social service agencies and individuals requesting notification of Consolidated Plan meetings, hearings and materials. Public notices for public hearings are published in *Finance and Commerce*, following City notification practices.

The various printed notices notify where copies of the Consolidated Plan are available and invite persons to either speak at the public hearings and/or submit written comments. Public hearings are accessible and sign language interpretation is available for public hearings. Call for sign language interpreting, TTY 612-673-2626.

The City Council authorized the submission of the 2006 Consolidated Plan for submittal to HUD April 14, 2006. The City Council adopted the 2006 Consolidated Plan budget in December 23, 2005 and February 24, 2006.

The public comment period for the 2006 CAPER is August 15-29, 2007. The City's Community Development Committee held a public hearing on the draft 2006 CAPER on August 21, 2007. Public comments received during the public comment period are included in the Appendix. Copies of the draft 2006 CAPER were made available at the Office of Grants & Special Projects, Community Planning and Economic Development, Minneapolis Public Libraries, Legal Aid Society offices and upon request. The draft report was also posted at the following website: www.ci.minneapolis.mn.us/grants. Copies of the final 2006 CAPER submitted to HUD on August 30, 2007 will be available for public review at the Office of Grants & Special Projects (301M City Hall), and upon request.

c) Technical Assistance

A range of assistance is available to all groups needing help in understanding the Consolidated Plan application process and development of proposals. This service, as well as referrals to appropriate agencies in the community, is available from the Office of Grants and Special Projects. For technical assistance, call 612-673-2188.

In the event that a significant number of non-English speaking residents of Minneapolis wish to participate in the Consolidated Plan citizen participation process, a request for assistance should be forwarded to the City Clerk's Office or Office of Grants and Special Projects. The City Clerk's Office maintains a file of bilingual individuals from whom assistance may be requested for non-English speaking groups. The number for requesting non-English speaking personnel is 612-673-2255.

d) Comments/Complaints

It is City policy to respond to written comments or complaints pertaining to the Consolidated Plan within 15 days of receipt. All written comments and the city's response are included in the Appendix of the Consolidated Plan.

II) 2006 Consolidated Plan Performance Summary

Over the past year, the City has attempted to address the priorities, goals and strategies expressed in the 2005-09 Consolidated Plan strategy. In summary, the City sought to expand economic opportunities to benefit its low and moderate income citizens, preserve and create decent, affordable housing opportunities, address the needs faced by those who are homeless or are threatened with homelessness, provide accessible public services for vulnerable populations, affirmatively further fair housing, and leverage its federal HUD funding with other funds to make significant, sustainable change in the community.

Certainly, the City can point to its efforts as success. However, great need still exists in the community, especially for those at the lowest of incomes. Housing

costs in the city have continued to rise at a rate than personal income. Rental vacancies have fluctuated between high and low rates since the end of the '90's. Even though for the entire market, rental vacancies are high, units that are priced at the most affordable levels and exhibiting quality still incur great demand. An active housing market does not translate positively for those at the bottom incomes.

Increasing cuts at both the federal and state levels of government have put a squeeze on public service programs, while the demand for these services have increased. The ability of the City to meet these particular needs with its HUD funding has been limited with federal CDBG budgets not keeping pace with inflation and being aggressively cut.

Within this environment, the City developed the 2005-09 Five Year Consolidated Plan to HUD restating many of these needs and reaffirming its commitment to use its HUD funding in a manner that continues to stretch each HUD dollar as much as possible. The Plan also states the City's commitment to working with local partners to achieve ambitious goals, such as eliminating chronic homelessness and lead-based paint hazards in the city by 2016 and 2010 respectively, achieving a sustainable balance in the siting of affordable housing, providing for new economic opportunities and environmental quality.

The following pages report on past year accomplishments the City has achieved with HUD funding. It should be used as a guide to evaluate where the City is and where the City should go over the course of the 2005-09 Five Year Consolidated Plan strategy.

III) Displacement /Relocation

The City of Minneapolis considered existing policies designed to minimize displacement in the CDBG program when developing the Consolidated Plan. For example, the City adheres to ongoing administrative policies to limit displacement when implementing CDBG-funded activities. These policies limit displacement by using land inventories, available vacant land and substandard vacant structures. Where displacement does occur, the city provides a full range of relocation benefits and services to those displaced according to its relocation policy. The Consolidated Plan complies with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA), as amended and implementing regulations at 49 CFR 24. The City has and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974 as amended in connection with any activity assisted with funding under the CDBG or HOME programs.

During the program year there were no activities that required permanent relocation or displacement.

IV) Consolidated Plan Resources Made Available

The City of Minneapolis received the following 2006 Consolidated Plan amounts:

CDBG	\$ 13,851,146
HOME	\$ 3,563,274
ESG	\$ 593,950
HOPWA	\$ 829,000
ADDI	\$ 64,984

All FY06 awards were budgeted to programming. Previously budgeted Consolidated Plan funds from prior years are included in this report as well.

- **Program Income**

The City realized \$ 993,001.63 of CDBG program income during FY 2006, all through CPED housing activities. The HOME program realized \$93,290.38 in program income. That income was derived from the first time homeownership program and several single family home project repayments.

- **2006 Program Expenditures**

The following two tables illustrate how Consolidated Plan funds were spent in program year 2006 as they have been reported in the HUD IDIS system. The first table provides a summary of CDBG expenditures for 2006. Fourteen percent (14%) of CDBG expenditures were public service activities and planning/administration accounted for seventeen percent (17%) of CDBG expenditures. Ninety-two percent (92%) of CDBG expenditures benefited low and moderate income residents. The second table provides 2006 activity expenditure information for all Consolidated Plan funds.

CDBG Financial Summary for Program Year 2006	
<i>Summary of CDBG Resources</i>	\$
Unexpended funds at End of Previous Program Year	21,043,359.62
Entitlement Grant	13,851,146.00

Housing Opportunities for Persons with AIDS (HOPWA)

<u>Strategy</u>	<u>Program</u>	<u>2006 IDIS Expenditures</u>	<u>Accomplishments</u>
Subsidized Special Needs Housing	Metropolitan HRA Housing Assistance	269,005	45 Person/Households provided with rental assistance
Subsidized Special Needs Housing	Minnesota AIDS Project Transitional Housing	294,850	83 Person/Households provided with rental assistance
	HOPWA Total Expenditures	563,855	

- **Timely Expenditure of CDBG Funds**

HUD requires that City should not have more than 1.5 times their annual grant amount unexpended 60 days prior to the start of a new grant program year. The City met this benchmark measure for the program year.

- **Reprogramming**

The City undertook the following reprogramming of funds during FY2006. The City reprogrammed \$125,000 of 2006 CDBG funds and \$300,000 of anticipated future CDBG program income from the CPED Vacant and Boarded Housing and Residential Loan and Grant programs respectively to the Department of Regulatory Services Problem Properties program. However, after some further analysis this reprogramming action was rescinded and the funding authority returned to the original CPED programs. In September 2006, the City reprogrammed \$400,000 of CDBG funds from the Neighborhood/Commercial Economic Development Fund to the Adult Training and Placement program.

- **Other Resources Made Available**

Other resources made available to support Consolidated Plan strategies include General Fund dollars; federal grants made available from the U.S. Departments of Justice, Housing and Urban Development, Commerce, Health and Human Services, Environmental Protection Agency; state grants made available by Trade and Economic Development; Human Services; Children, Families and Learning; Metropolitan Council; and local resources through foundations, financial institutions, the Family Housing Fund, Neighborhood Revitalization Program and subrecipient in-kind goods and services.

Match requirements for the HOME and Emergency Shelter Grant (ESG) programs are met through funding provided by the project, Hennepin County or other government bodies. All RFPs for these projects specify the need of committed match in order to qualify for funding.

HOME match provided in FY 2006 was \$ 546,907 consisting of non-federal cash resources and bond financing.

Project	HOME Match
Washington Court Apartments	\$54,690
St. Anthony Mills Apartments	\$54,690
Kingsley Commons	\$188,045
Little Earth Phase IV	\$249,482

ESG project matches in FY 2006 totaled \$3,094,353. The City is required by ESG regulations to obtain a one-for-one local project match to its annual ESG expenditures which in 2006 were \$832,061.

Project	ESG Match
St. Stephens Shelter	\$ 21,866
Simpson Housing Shelter	\$ 5,300
St. Annes	\$ 70,220
Avenues for the Homeless	\$ 71,931
Bridge for Youth	\$ 2,925,036

f) CDBG Loans and Other Receivables

A. Total number of loans outstanding and principal balance owed as of May 31, 2007:

Economic Development: 12 outstanding loans, with a combined principal balance of \$2,084,431.05.

Multifamily Loans: 133 outstanding deferred loans with combined principal balance of \$53,790,905.

Single Family Loans:

- 1) Loan/Grants: 30 outstanding with balance of \$398,936
- 2) Deferred Loans: 178 outstanding with balance of \$2,357,906

B. Parcels acquired or improved with CDBG funds that are available for sale as of May 31, 2007:

Residential: 36 properties, 46 Sideyards

C. Loans written off during the 2006 program year.

One economic development loan is being restructured.

Currently, seven home improvement loans are in default in an amount of \$94,813. The City has a lien on each property and if loan is not brought current, the City will be paid whenever the property is sold. Four mortgage assistance loans with an original balance of \$65,000 went into default. The property involved was sold at a loss and the City wrote off \$38,305 of the balance.

g) Administrative Activities

The following chart documents city CDBG administrative expenditures during the 2006 program year.

	<u>Administration, Fair Housing, Public Engagement</u>	<u>2006 IDIS Expenditures</u>	<u>Accomplishments</u>
Planning	Youth Coordinating Board	56,350	Planning administration for youth development programs
General Administration and Planning	CPED – Planning Division	919,330	Support of program activities and strategies
Corridor Housing Planning	Center for Neighborhoods	11,466	Collaboration with community based organization to plan / implement high density housing projects
General Administration	City Grant Administration, financial services support, public service and consolidated plan support	733,856	Support of plan, strategies, and program activities
Public Information – PHA Properties	MPHA Resident Participation	27,433	Encouraged representation / cooperation of public housing resident councils
Public Information – CDBG neighborhoods	CPED Citizen Participation	367,020	Ensure high level of citizen participation in CPED project decisions in 24 target neighborhoods
Fair Housing Activities	Northside / Southside Legal Aid	42,415	185 individuals represented with fair housing legal issues
Fair Housing / Compliance	Civil Rights Fair Housing / CDBG Compliance	168,989	12 Fair Housing Complaints investigated with 3 resolved outcomes
Fair Housing / Compliance	Housing Discrimination Law Project	66,313	Investigation and referrals for housing discrimination cases; 83 cases closed
Fair Housing / Compliance	Metropolitan Fair Housing Implementation Committee	10,655	Program supported fair housing testing of rental units and multi-language translation of common HUD housing forms
	Administration, Fair Housing, Public Engagement Total Expenditures	2,403,827	

h) Section 108 Loan Program Funds

The City has received HUD Section 108 Loans for projects in support of past Consolidated Plans. A Section 108 Guaranteed Loan Summary Sheet located in the Appendix provides information on recent projects.

i) Empowerment Zone

The City of Minneapolis received a federal Empowerment Zone (EZ) designation from HUD in 1998. The Empowerment Zone neighborhoods in the City qualify as Neighborhood Revitalization Strategy Areas for purposes of HUD programming and determining program beneficiaries. The Empowerment Zone is an important strategy and leveraging resource for Consolidated Plan priorities in community and human development. To date the Minneapolis Empowerment Zone has received approximately \$25.6 million in funding from HUD, \$5.8 million bond funding from the State of Minnesota, as well as leveraging a variety of other grants, tax credits, and equity commitments. The City's Empowerment Zone initiative provides funding for Economic Development (45%), Housing (35%), and Human Services (20%). In 2004 and 2005, commitments of \$2.5 million, \$1.8 million, and \$2 million were made to Economic Development, Housing and Human Services projects in the EZ. In 2006 and 2007 the following commitments were \$1.6 million to Economic Development and \$460 thousand to Human Services. EZ projects focused on the following corridors: West Broadway Avenue, Penn Avenue, Plymouth Avenue, Lake Street, and Franklin Avenue. Performance information is annually reported to HUD. The latest report is available at <http://www.ci.minneapolis.mn.us/citywork/ez/annualreport.asp>.

V) *Certifications of Consistency*

As part of its compliance with the need to pursue all available resources to support its Consolidated Plan, the City is required to provide Certifications of Consistency to its Consolidated Plan to organizations seeking federal HUD funding. These certifications testify to the fact that the proposed funding application meets strategies identified in the City's Consolidated Plan. City staff reviews certification requests against Consolidated Plan strategies and recommends certification of eligible proposals. All requests for certifications received by the City during the past year were certified as addressing Consolidated Plan strategies.

VI) *Assessment Summary of Minneapolis Implementation of Consolidated Plan – 2006*

The City continues to strive in allocating its Consolidated Plan resources appropriately among its high and medium priority housing and community development strategies. There has been an increased budgeting commitment to allocating CDBG resources to the preservation and creation of affordable housing units at or below 50 percent of median family income to support the

City's Affordable Housing Policy. Unfortunately, due to the deep subsidy required, preservation of existing units is easier than creation of new units. It is a continuing challenge to the City to leverage enough resources to meet this commitment. However, preservation activities are just as important in holding an inventory of available, affordable housing units.

In the areas of assisting those experiencing homelessness and special needs populations having adequate shelter and housing, the City does allocate for this need with all of its Consolidated Plan resources. Through the Affordable Housing Trust Fund, the City has been creative in using its CDBG and HOME resources to play a role in the development of homeless and special needs housing. While not at a level that the community feels may be adequate, the City continues to encourage development of these housing units.

In areas of public services and public facilities, the City still seeks to address its priority areas. Annually the City budgets the maximum of 15 percent of its CDBG grant for public services, allowing these community-based programs to assist the City in meeting the needs of its low-income residents.

The following HUD prescribed Table 3A- Summary of Specific Annual Objectives complements HUD's new performance measurement system and offers a snapshot of City progress to each of the performance objectives outlined in the 2005-09 Consolidated Plan Strategy. Various factors influence the progress noted in each objective. As those factors meaningfully affect noted number goals, future annual Consolidated Plans will be updated to reflect any new or adjusted goals.

VII) *Fostering and Maintaining Affordable Housing*

The City through its Community Planning and Economic Development department (CPED) and the Minneapolis Public Housing Authority (MPHA) work

to meet the housing needs, goals and objectives identified in the 2005-09 Five Year Consolidated Plan.

The following analysis of city performance in addressing affordable housing needs is based on CPED's yearly Affordable Housing Reports. The Affordable Housing Report is an annual report required by City Council to document progress in achievement of Minneapolis Affordable Housing goals. Annually, the report undergoes a public hearing. The analysis also consulted several other documents such as Consolidated Plan project reports and Continuum of Care Exhibit I narratives, among others.

Table 1. 2005-09 Consolidated Plan Housing Production summarizes unit performance progress through 2006.

Table 1. 2005-09 Consolidated Plan Housing Production

		<30% Median Family Income	31-50% Median Family Income	51-80% Median Family Income	Disabled/Special Needs	Homeless

	FY 2005-09 Units Goals	0	110	150		
<i>Preserved</i>						
	Total Units Completed in FY 2005-06	48	93	23		
	FY 2005-09 Units Goals	0	30	60		

** overall goals for special needs units are: 180 rehabbed, 210 units preserved, included in numbers above

Both Consolidated Plan funds and non-Consolidated Plan funds are included in the discussion of listed actions below. CDBG and HOME funds are generally directed towards the production/preservation of housing units targeted to those less than or equal to 80 percent of median income. These funds are also provided to projects serving those with special needs. ESG funds are used for emergency shelter and transitional housing stabilization/rehabilitation while HOPWA is directed toward unit production and subsidies for those with HIV/AIDS special needs. Non-Consolidated Plan funds could be targeted towards all income ranges. This report focuses on units made available at income levels at/or below 80 percent of median income.

Unit numbers may not necessarily correspond with the IDIS program accomplishment summary found in the appendix. The City only reports units in the affordable housing reports as units are completed and made available. IDIS records may not necessarily correspond. If Consolidated Plan funds remain to be drawn against a project, units will not appear as completed in the IDIS system. The key source data for the numbers, the annual affordable housing policy reports also detail projects that receive no Consolidated Plan funding and thus, would not show up in the IDIS system.

The following summarizes the housing strategies by housing type discussed in the 2005-09 Consolidated Plan Five-Year Strategy.

Section 215 Qualified Housing (units)	FY 2005-06	FY 2005-09 Goals
<i>Rental</i>	1,466	2590
<i>Ownership</i>	274	260

For FY 2006, the City created 45 new single family and preserved 112 Section 215 Qualified owner occupied units. In rental housing, there were 258 new/positive conversion of Section 215 qualified units created, and another 332

Section 215 qualified units that were preserved/rehabbed. The five year goal: 2,590 units rental, 260 owner occupied.

a) Rental Housing

Goal H-1	Foster and Maintain Affordable Rental Housing
Objective H-1a	Provide financing and administer programs for the development of affordable and mixed-income housing

Funds will be directed to stabilizing existing, and adding affordable housing units to preserve/add them in the city’s housing inventory. Creation of new units should be focused on meeting housing needs not being met by the market such as supportive transitional housing developments. Equally important is the need to combine supportive services with stabilized housing.

The City will seek to meet the following five-year (2005-09) numerical goals with respect to affordable rental housing.

Type	Priority	0-30%	31-50%	51-80%
Rehabilitated	H	740	600	350
New/Positive Conversion	H	520	440	250
Total		1,260	1,040	600

In order to meet these rental goals, the city pursues the following strategies.

- ◆ Preserve and improve the physical condition of existing subsidized housing, both publicly and privately owned.
- ◆ Support development of new three or more bedroom rental units for large families. The City’s goal is that 70% of affordable housing funds be allocated to larger family units.
- ◆ A minimum of 20% of all city-assisted rental projects of 10+ units be affordable at 50% MFI.
- ◆ Create additional transitional housing units with appropriate supportive services as an alternative to extended shelter use.
- ◆ Identify opportunities for placing new higher density housing on transportation corridors to take advantage of transit opportunities and job markets and promote housing growth.
- ◆ Encourage development of mixed-income housing serving a broad and continuous range of incomes.
- ◆ Emphasize affordable housing development outside impacted areas. The City’s goal is that at least 50% of new city-produced affordable housing be located in non-impacted areas.
- ◆ Use the affordable housing trust fund to guarantee a minimum level of sustained financial commitment toward the housing needs of those at the low income level. The annual funding goal is \$10 million.

- ◆ Link housing programs to supportive service programs, income assistance programs and public housing initiatives to facilitate affordability.
- ◆ Fifty percent (50%) of city affordable housing funds will be used for capital production of units affordable at 30%MFI.

b) Ownership

Goal H-2	Foster and Maintain Affordable Ownership Housing
Objective H-2a	Provide financing and administer programs for the development and preservation affordable ownership housing

The City undertakes the following strategies to make home ownership opportunities more available for low income households. The aim is to keep existing low income homeowners in their homes with strategic home improvement investments and to allow for new low income homeowners through creative, leveraged homeowner financing programs. An emphasis of city homeownership programs will be increasing the number of minority homeowners. The City will design its homeownership programs to attract minority homeowners.

The City seeks to meet the following five-year (2005-09) numerical goals with respect to affordable ownership housing.

Type	Priority	0-30%	31-50%	51-80%
Rehabilitated	H (low for <30%*)	0	30	60
New/Positive Conversion	H (low for <30%*)	0	110	150
Total		0	140	210

*No goal was identified for owner-occupied units at the very low-income level in the 2005-09 Consolidated Plan. Due to the deep subsidy needed to create new owner-occupied units at this level, strategies focus on preserving a greater number units at this level.

In order to meet these goals, the city will pursue the following strategies over the next five years:

- ◆ Preserve and improve the physical condition of existing ownership housing through home improvement offerings.
- ◆ Support in-fill development of new three or more bedroom housing for large families.
- ◆ A minimum of 20% of all city-assisted ownership projects of 10+ units be affordable at 50%MFI.
- ◆ Identify opportunities for placing new higher density housing on transportation corridors to take advantage of transit opportunities, job markets and promote housing growth.
- ◆ Encourage development of mixed-income ownership housing options serving a broad and continuous range of incomes.

- ◆ Promote and support first-time homeownership opportunities for traditionally underserved populations.
- ◆ Streamline city development review, permitting and licensing to make it easier to develop property in the City of Minneapolis.
- ◆ Develop a close dialog with community participants about appropriate locations and design standards for new housing.
- ◆ Foster community dialog about housing growth in and adjacent to city neighborhoods.
- ◆ Promote the development of housing suitable for people and households in all life stages, and that can be adapted to accommodate changing housing needs over time.
- ◆ Promote accessible housing designs to support persons with disabilities.

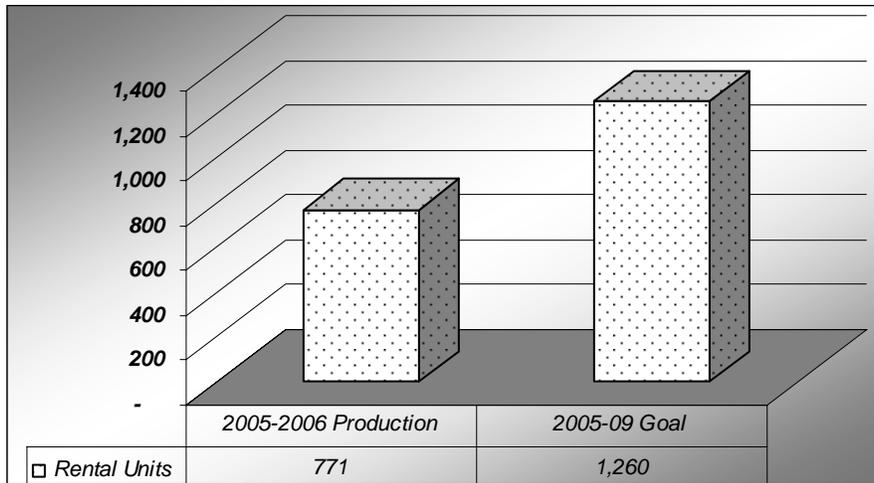

c) Very Low-Income (0-30% of median income) 2006 Performance

**i) Renters
Rental Housing Production 0-30% Median Family Income**

	2006 Placed in service	New Units (2006)	Preserved Units (2006)	2005-06 Total Production	2005-09 Consolidated Plan Goal
Small Related (0-2 BRs)	342	98	244	616	920
Large Related (3+ BRs)	16	7	9	155	340
Elderly*					140

*Subset of total

**New and Preserved Renter Housing Unit Production
0-30% Median Family Income**

Out of Consolidated Plan funds, the City provided CDBG, HOME, and ESG to projects in this income category. The Minnesota Housing Finance Agency also allocated HOPWA funding from the City to projects assisting residents in this

income category. HOPWA project support included rental assistance. HOPWA unit numbers are not included in the numbers described in this section unless HOPWA funding was involved in a project that received other city funding. Specific HOPWA assistance is detailed later in this report.

All City-assisted projects are required to accept Section 8 certificates and vouchers. The City also works to assist projects in obtaining Section 8 project-based rental assistance to ensure project affordability.

Assessment of Progress Towards Goals

Ongoing challenges include the lack of project-based Section 8 rental assistance to make units affordable at <30% MMI, shortage of large family rental housing units (and the rising costs to produce those larger units), and the continuing challenge of providing locational choice. With regard to locational choice, the City did achieve its annual goal to produce 50% of the affordable housing units in non-impacted areas in 2006. This is an improvement over the previous year. It is still difficult, though, to provide affordable housing in all locations. There are several reasons, including the lack of available sites, the cost of land, and neighborhood opposition. In response, the City is taking active measures to help acquire and assemble sites in non-impacted areas through the Higher Density Corridor Acquisition Program. The City is also partnering with the Center for Neighborhoods in the administration of the Corridor Housing Initiative, a proactive planning and community engagement process to build consensus around housing density and affordability. The City's Corridor Housing Strategies were selected as a finalist in the Ash Institute Innovations in American Government Awards in July of 2005. Additionally, significant low income housing tax credits, housing revenue bonds, and tax increment funds were approved for affordable rental housing projects.

Vacancy rates for multifamily housing in Minneapolis, in the first quarter of 2007, increased slightly from the last quarter of 2006, but are down slightly from a year ago. City vacancy rates continue to be lower than the metro area. The metro vacancy rate decreased the most for two-and three-bedroom units. The average Minneapolis rent first quarter 2007 declined but it was higher than a year ago. In current dollars by the rent was higher by \$12, but just when adjusted for inflation rents were the same as last year.

ii) Owners

The City assists owner-occupied properties in the very low-income category through programs such as Home Ownership Works, Rehab Support, and Loan and Grant programs. 21 units of owner occupied units were preserved. The City financed 6 owner occupied homes in this category.

Assessment of Progress towards Goals

No goal was identified for owner-occupied units at the very low-income level in the 2005-09 Consolidated Plan. To create new owner-occupant units at this income level requires a deep subsidy. The primary strategy at this level is to provide programs that allow a very low-income owner occupant keep their unit up to code compliance and to preserve its life. An additional strategy is to fund mortgage assistance and foreclosure assistance programming to allow those who are on limited incomes retain the housing that they have.

The City of Minneapolis operates several single family affordable home ownership programs. Initially properties are acquired using Community Development Block Grant (CDBG) funds to either remove a blighting influence or to facilitate the construction or rehabilitation of a home. Although there are currently a large number of existing homes for sale in the City of Minneapolis there continues to be an interest by residents to purchase high quality affordable new or substantially rehabilitated homes. To meet this demand the City has the Home Ownership Works program that is funded using federal HOME funds, the Home Ownership program which is entirely funded by CDBG funds and the Affordable Ownership Housing Program which is funded using a blend of CDBG funds as well as other local sources. The City also has a Memorandum of Understanding with Habitat for Humanity of the Twin Cities. Lots that were initially purchased using CDBG funds are sold to Habitat for Humanity for \$1 in recognition of their program requirements for long term home ownership to buyers whose income is at or below 50% of MMI.

In areas of the City where they are experiencing high crime, foreclosures and abandonment the city is targeting specific cluster areas in an attempt to help preserve and stabilize the existing low/moderate income owner occupied housing as well as creation of new affordable ownership opportunities. The City of Minneapolis has also capitalized a mortgage foreclosure prevention program which provides financing and counseling for low/moderate income home owners who are in jeopardy of losing their homes.

d) Low-Income (31-50% of median income) 2006 Performance

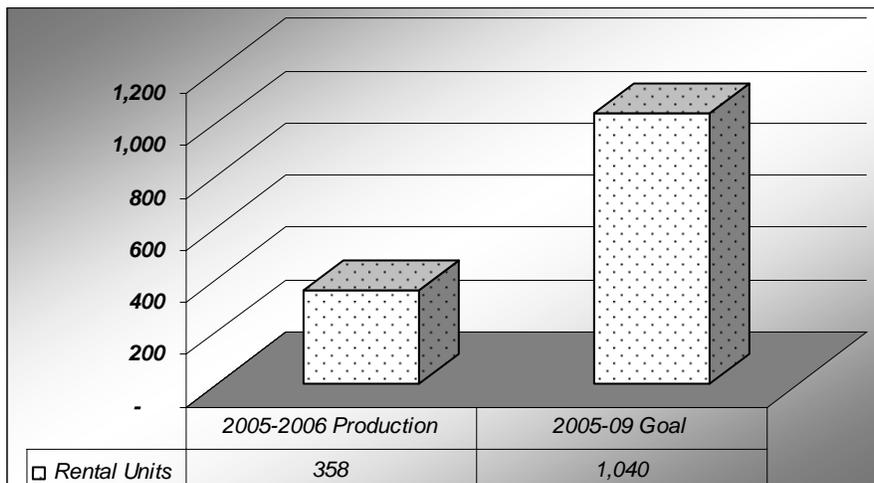

i) Renters

Rental Housing Production 31-50% Median Family Income

	2006 Placed in service	New Units (2006)	Preserved Units (2006)	2005-06 Total Production	2005-09 Consolidated Plan Goal
Small Related (0-2 BRs)	135	107	28	324	780
Large Related (3+ BRs)	16	7	9	34	260
Elderly*					150

**Subset of total*

New and Preserved Renter Housing Unit Production 31-50% Median Family Income

The City provided HOME and CDBG funds to projects in this income category. The Minnesota Housing Finance Agency also allocated HOPWA funding from the City to projects assisting residents in this income category.

All City-assisted projects are required to accept Section 8 certificates and vouchers. The City also works to assist projects in obtaining Section 8 project-based rental assistance to ensure project affordability.

Assessment of Progress Towards Goals

All city-assisted multifamily housing projects (10+ units) placed in service in calendar year 2006 had at least 20% of the units affordable. 42% of all calendar year 2006 new construction/positive conversion units and 88% of all rehabilitation/stabilization rental units were affordable to households with

incomes at or below 50% MMI. Approximately one-half of the 2005-09 goal has been achieved already, however, it continues to be difficult to develop new large family housing units.

ii) Owners

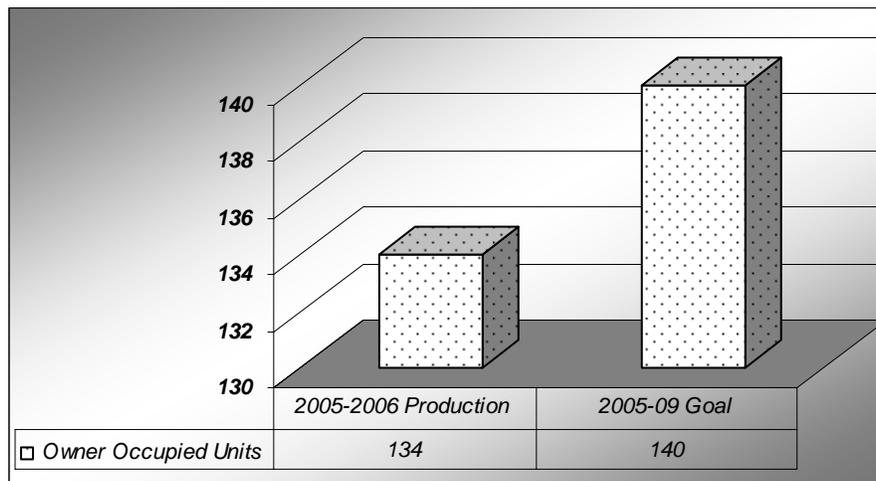

The City provided assistance through the Loan and Grant and Mortgage Foreclosure Prevention and partners with Habitat for Humanity. Minnesota Housing Finance Agency resources were provided to the Loan and Grant program.

**New and Preserved Owner Housing Unit Production 2006 Performance
31-50% Median Family Income**

	2006 Placed in service	New Units (2006)	Preserved Units (2006)	2005-06 Total Production	2005-09 Consolidated Plan Goal
Owner-Occupied	90	19	71	134	140

The City assisted 90 owner-occupied units (19 new), preserving 71 units. The 5 year goal is 140 units.

**New and Preserved Owner Housing Unit Production
31-50% Median Family Income**

Assessment of Progress Towards Goals

The goal identified for owner-occupied units at the low-income level in the 2005-09 Consolidated Plan has nearly been achieved. The primary strategy at this level is to provide preservation programs that allow a low-income owner occupant keep their unit in code compliance to prevent loss to the housing

inventory. The key program allowing the City to assist in this regard is the Loan and Grant program. It accounted for 68 units being preserved in 2006. A continuing concern will be the impact of lead-based paint hazard screening requirements on the production numbers at this level. Previously, the low interest rates have allowed equity to build to allow for non-subsidized rehab. However, interest rates may be rising at a pace that may not allow owners to use that method of financing rehab. To keep rehabilitation costs reasonable, the City will continue to try to contribute non-HUD financial resources to units at this level and work to stretch HUD resources.

e) Moderate-Income (51-80% of median income) 2006 Performance

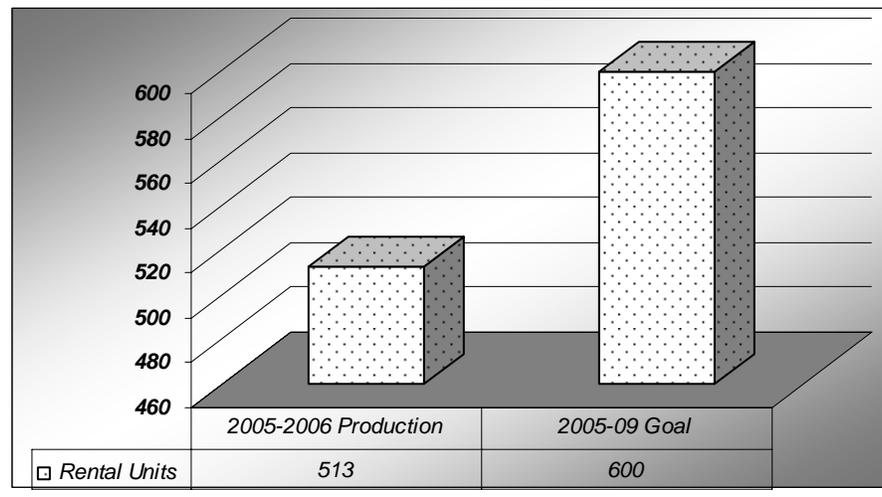

i) Renters

Rental Housing Production 2006 Performance 51-80% Median Family Income

	2006 Placed in service	New Units (2006)	Preserved Units (2006)	2005-06 Total Production	2005-09 Consolidated Plan Goal
Small Related	59	31	28	432	350
Large Related	27	9	18	81	250
Elderly*					50

*Subset of total

New and Preserved Renter Housing Unit Production 51-80% Median Family Income

The City provided CDBG and HOME funds to projects in this income category. All City-assisted projects are required to accept Section 8 certificates and

vouchers. Other resources available to housing at this income level include MHFA, and other private resources.

Assessment of Progress Towards Goals

Progress toward unit goals at the moderate-income level exceeds the goal for small rental units. Large rental unit production continues to lag. A concern to be aware of at this income level is the conversion of rental units into condominiums. A discussion of the condominium conversion issue is found in the 2007 Consolidated Plan submitted to HUD in April of this year.

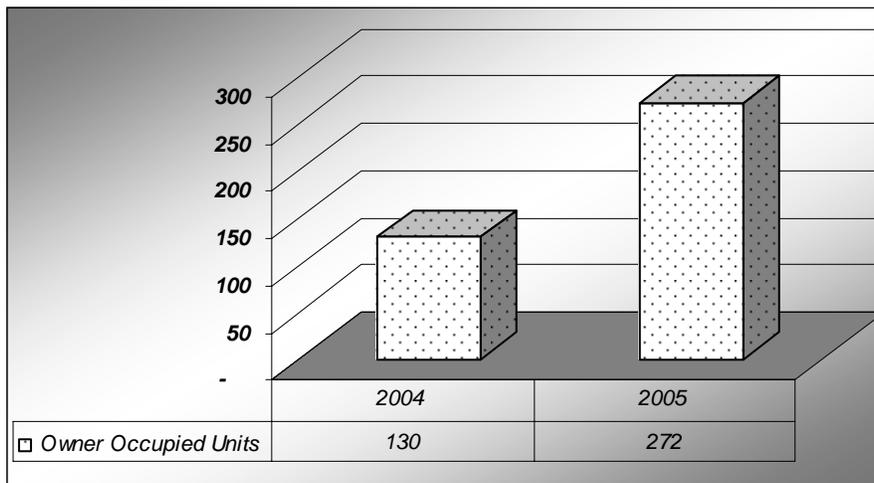

ii) Owners

The City provided assistance to moderate income owners through the Home Ownership Works, Rehab Support, Recycling and Loan and Grant programs as well as financial programs such as Foreclosure Prevention. Consolidated Plan funding for owners at the moderate-income level consisted of CDBG and HOME. Other resources at this level include MHFA and private resources.

**New and Preserved Owner Housing Unit Production 2006 Performance
51-80% Median Family Income**

	2006 Placed in service	New Units (2006)	Preserved Units (2006)	2005-06 Total Production	2005-09 Consolidated Plan Goal
Owner-Occupied	32	14	18	110	60 preserved 150 new; all regardless of unit size

**New and Preserved Owner Housing Unit Production
51-80% Median Family Income**

Assessment of Progress Towards Goals

Accounting for preserved housing units at this income level, the goal is on pace to meet the five year goal. New unit production is also on pace to meet its goal. The City was able to finance an additional 190 households through financing programs, 178 of these were new single family homeowners. Ten households were assisted through the American Dream Downpayment Initiative.

f) Disabled/Special Needs

Goal SPH-1	Foster and Maintain Housing for Those with Special Needs
Objective SPH-1a	Provide financing for the development and preservation of housing opportunities for persons with special needs

The City supports the creation of housing units for special needs populations. When possible these units should be in the form of supportive housing. The city anticipates the following five-year goals for special needs housing:

2005-09 Goals for Special-needs Housing			
Type	Priority	2005/2006 Production	2005-09 Goal for 0-80%
Rehabilitated	H	28	180
New/Positive Conversion	H	194	210
Total		222	390

The city supports these goals through the following strategies:

- ◆ Promote the development of housing suitable for people and households in all life stages, and that can be adapted to accommodate changing housing needs over time.
- ◆ Promote accessible housing designs to support persons with disabilities.
- ◆ Support the development of housing with supportive services that help households gain stability in areas such as employment, housing retention, parenting, mental health and substance challenges.
- ◆ Not use zoning ordinance or other land use regulations to exclude permanent housing for people with disabilities. Special needs housing shall be available as needed and appropriately dispersed throughout the city.

Some specific strategies to be undertaken in support of specific subpopulations of special needs households include the following.

Elderly/Frail Elderly

- ◆ Support development of affordable and mixed-income senior rental housing in all parts of the city. These developments may be independent rental, congregate, and/or assisted living projects.
- ◆ Seek available resources and partnerships to assist the development of senior housing through land acquisition, advantageous site location/improvements and other eligible appropriate ways.
- ◆ Ensure quality design and amenities of housing as well as quality management and supportive services.

Severe Mental Illness

- ◆ Seek opportunities for development of new supportive housing units for persons with mental illness as part of larger housing or redevelopment initiatives.
- ◆ Seek to retain existing housing stock through rehabilitation activities.
- ◆ Encourage the development of practice apartments within new developments to give people the chance to learn independent living without jeopardizing their rental history and for mental health services to assess service needs realistically.
- ◆ Use available federal, state, and local resources to assist in the development of supportive housing units for persons with mental illness.

Developmentally Disabled

- ◆ Seek opportunities for development of new supportive housing units for developmentally disabled persons as part of larger housing or redevelopment initiatives.
- ◆ Seek to retain existing housing stock through rehabilitation activities.

Physically Disabled

- ◆ Seek opportunities for development of new supportive housing units for physically disabled persons as part of larger housing or redevelopment initiatives.
- ◆ Seek to retain and increase accessibility to existing housing stock through rehabilitation activities.
- ◆ Ensure availability of accessible units in city-assisted housing developments.

Persons with Alcohol/Other Drug Addiction

- ◆ Seek opportunities for development of new supportive housing units for persons who suffer from chemical dependency as part of larger housing or redevelopment initiatives.
- ◆ Seek to retain existing housing stock through rehabilitation activities.

Veterans

- ◆ Finance transitional housing developments for veterans. Projects would need to serve Minneapolis veterans who were either residents of Minneapolis prior to suffering homelessness, or have been referred from a Minneapolis facility serving the homeless or near homeless.

Those with HIV/AIDS

Further detail on past year accomplishments on these strategies is found in the HOPWA section of the report. Strategies for housing for persons living with HIV and AIDS include the following:

- ◆ Provide rental housing subsidies to allow people living with HIV to access and maintain affordable housing, with choice of location
- ◆ Promote an increase of affordable housing throughout the region, and of various bedroom sizes, including affordable rental units for large families
- ◆ Seek opportunities for development of new supportive housing units for people living with HIV, as part of larger housing or redevelopment initiatives
- ◆ Seek to retain and increase accessibility to existing housing stock through rehabilitation initiatives
- ◆ Ensure quality, accessible design and amenities of housing as well as quality management and supportive services.

Assessment of Progress Towards Goals

Over the past year, the City assisted in 140 new disabled/special needs units in rental housing. The City has made good progress in creating new special needs housing. The difficulty though is funding the supportive services needed for housing developments. It has been harder for service providers to fund units with federal and state assistance cuts. The strategy continues to be the acquisition of project-based rental subsidies to allow for new opportunities.

g) Other Housing Goals

Goal H-3	Provide for Safe Affordable Housing
Objective H-3b	Mitigate housing conditions that present life and safety issues

The city continues to work through its inspections and CPED departments to ensure that the city's affordable housing supply is safe. The city proposes to set aside CDBG funding, annually, to assist in this endeavor. Over the next five years, all rental-housing units in the city are planned for inspections.

With the past year, the city has instituted a problem properties task force. This group is a cross-departmental group that works with housing properties in targeted areas that consume many city resources in the areas of inspections and public safety. The Problem Properties Unit (PPU) identifies the worst properties in the city and develops strategies to reduce or eliminate problems. Solutions can include up to securing buildings with boards or demolish buildings under the provisions of Chapter 249 on the city's code of ordinances.

With the 2006 CDBG program year, the City is in its second year implementing the Problem properties unit. Regulatory Services used its portion of CDBG allocation to preserve and enhance the safety of Minneapolis Neighborhoods through the prompt board-up of vacant property found open to trespass. As with many cities around the country, Minneapolis is experiencing an increase in the number of vacant property which can lead to increased vandalism and neighborhood instability. Refer to the CDBG Summary Activity report in the appendix for further information on 2006 accomplishments for this program activity.

h) Summary of Consolidated Plan Expenditures on Housing Production Numbers in 2006 (by Strategy)

<u>Strategy</u>	<u>CDBG Housing Programs</u>	<u>2006 IDIS Expenditures</u>	<u>Accomplishments</u>
Affordable Rental Housing	High Density Corridor Housing	539,989	High-density Housing Development parcel acquisition activities
Multi-Family Rental Housing	Pre-acquisition High Density Corridor Housing	21,095	Initiated appraisals, surveys, testing, title search, etc., for multifamily projects
Owner-Occupied Housing	Plex Loan	9,000	1 SF homeowner assisted with rehab loan
Affordable Housing	Jordan Major Housing Development	185,247	3 owner-occupied properties acquired and sold
Housing Counseling	Foreclosure Prevention Program	274,649	1,109 families received mortgage assistance services, 261 fully assisted with full counseling
Affordable Housing	Minneapolis Housing Replacement District	205,906	Total of 6 housing units made available for occupancy: 4 new construction and 2 rehabbed units.
Housing Counseling	MPHA Mobility Counseling	41,787	Housing education, mortgage readiness, mobility counseling to 22 households pursuant to Hollman degree
Multi-family Rental Housing	Northeast CDC – administration delivery	2,810	Development rights contract on site extended for one year
Multi-family Rental Housing	Midtown Exchange Rental Apartments	675,000	178 completed occupied affordable housing
Multi-family Rental Housing	St Annes CDC – administrative delivery	10,000	Planning for infrastructure development associated with St. Anne's Senior Housing
Owner-Occupied Housing	Affordable Homeownership	165,350	5 owner-occupied units facilitated through this gap

	Opportunities Program (AOHP)		financing program
Multi-family Rental Housing	Central Avenue Lofts	400,000	Project acquisition, construction underway
Owner-occupied Housing	Deferred & High Risk Loans	1,062,848	GMHC to originate / monitor 52 high risk loan applicants for housing, 217 on waiting list
Owner-occupied Housing	Residential Loan & Grant- Neighborhood Housing Services	30,000	47 homeowners assisted with rehab loans
Multi-family Rental Housing	Spirit of the Lakes Cooperative	18,333	Development of new rental housing
Multi-family Rental Housing	Structured Independent Living	106,045	Rehab project underway
Multi-family Rental Housing	Elliott Park I Stabilization – Non-profit Admin	18,562	Rehab project closed and rehab commenced
Multi-family Rental Housing	Incarnation House	180,800	Rehab of 15 unit supportive service facility
Multi-family rental housing	Maynidoowahdak Odena	99,572	Rehab currently underway
Multi-family Rental Housing	Slater Square	17,855	Housing units under rehab
Multi-family Rental Housing	Ripley Gardens	445,000	Anticipated completion for 52 housing units, 26 affordable, next reporting period
Multi-family Rental Housing	New Village Coop	68,296	Rehabilitation of 21 rental housing units
Multi-family Rental Housing	Franklin Gateway Phase III administration delivery	20,000	Predevelopment expenditures for Phase III (Wellstone) of Franklin Gateway Project
Multi-family Rental Housing – Cooperative	Double Flats	108,027	11 Unit rehab completed
Multi-family Rental Housing	Little Earth Phase 4 – administrative delivery	16,913	Project closing and construction started in 2006
Multi-family Rental Housing	Little Earth Phase 4 Rehab	350,000	Project rehabilitation started in 2006
Multi-family Rental Housing-homeless	Veterans Community Housing Project	280,681	Veterans homeless and assisted housing project completed
Multi-family Rental Housing	Bridge for Youth	523,177	Rehab and development of new supportive housing for homeless youth underway
Multi-family Rental Housing	City Flats Apartments	168,353	27 Unit rehab completed
Multi-family Rental Housing	CCHT	2,754	Unit rehabilitation project completion expected next reporting period; rehab delays due to identification of

			lead-based paint issues
Multi-family Rental Housing	Whittier Townhomes	280,000	12 unit rehabilitation underway
Owner-occupied Housing	Last Resort – Home Improvement	15,000	Code compliance loans for 2 homeowners
Owner-occupied Housing	Home Improvement Assistance	169,145	7 Homeowners received loans to treat lead and code compliance issues; work covered 17 housing units.
Public Housing	MPHA General Rehabilitation Program	512,812	Capital Improvements for 212 MPHA single family scattered site housing
Homeownership	Vacant Scattered Sites	755,862	Acquired, demolished and sold 30 properties—16 to low/mod income residents
Multi-family Rental Housing	Elliot Park Commons, LLC (c/o PPL)	5,620	25 unit rental development rehabilitation completed
Rehabilitation Administration	CPED Program Administration	28,032	
Rehabilitation Administration	CPED Vacant Housing Administration	1,189,417	
Multi-family Rental Housing	Blue Goose Apartments Non profit Administration	20,000	Predevelopment costs associated with rehab of 30-unit rental apartment
Multi-family Rental Housing	Dundry House and Dayton Apartments Non profit Administration	20,000	27 units affordable housing for workforce individuals and market rate families.
Multi-family Rental Housing	CPED Multi-family Administration	1,069,741	
Multi-family Rental Housing	The Bridge – administration delivery	9,666	10 affordable housing units to begin construction
Multi-family Rental Housing	MIWRC Supportive Housing – administration delivery	19,458	Rehab project developer assistance
Multi-family Rental Housing	MIWRC Supportive Housing Rehab	264,307	Rehab project of 14 unit supportive housing facility
Multi-family Rental Housing	Mid River Residences – administration delivery	20,000	Funding for developer assistance
Owner-occupied Housing	GMHC Homeownership Revolving Loan Program	879,362	6 distressed and vacant properties acquired and renovated for low/mod income homeowners
Lead-based Paint Remediation	Lead Hazard Reduction	167,367	Made 155 units lead safe in targeted neighborhoods

***VIII) Assistance To Homeless And Special Needs Population-
Assisting the Continuum Of Care***

Goal HM-1	Support Persons Suffering from Homelessness
Objective HM-1a	Support movement of homeless families and individuals toward permanent housing
Objective HM-1b	Contribute capital resources to address supportive housing and shelter needs consistent with strategies of Continuum of Care and the Community Advisory Board on Homelessness

Over the past year the City has made progress to meet worst case housing needs through programs, programming, and through service providers for residents to gain more independence. The City continually makes efforts to enhance the market to serve worst case housing needs, and provide residents with greater opportunities for independence. The City promotes accessible housing designs to support persons with disabilities; it uses programming and tools, such as capping rent, providing supportive housing development, through programming and service providers. In the face of diminishing federal and state funding resources, the City is continually making efforts to improve its housing stock, and to avoid the potential for persons to be displaced involuntarily, the City works with property managers and owners, as it becomes apparent, for example, after a 20 year affordability period expires, to make necessary repairs to keep rents affordable using funding sources, such as CDBG and HOME.

a) Those Experiencing Homelessness

The lead administrative entity for the Continuum of Care in Hennepin County is the Hennepin County Housing Department in collaboration with the county's Human Service Department. The CABoH is responsible for planning and implementing the Continuum of Care in the county. The following represents the general structure for Continuum of Care planning and strategy implementation in Hennepin County. The county's Housing and Human Services Departments provide staff support to the CABoH for the overall Continuum of Care; soliciting, reviewing and recommending applications for HUD funding; providing certifications of consistency with other HUD and state funding programs and development of Exhibit 1 required for applicants for HUD homeless program funding.

The CABoH is an official advisory board to the Minneapolis City Council and Hennepin County Board of Commissioners. It provides ongoing input to county and city policy makers on issues of homelessness and report annually on accomplishments in implementing goals in the plan. The CABoH is composed of 22 persons appointed by the Hennepin County Board and the Minneapolis City Council. Board members are appointed for staggered two-year terms and represent homeless single adults, families and youth and include service providers, advocates, formerly homeless persons, faith-based organizations, neighborhood groups, community members and representatives from the Funders Council.

In the Spring of 2000, a Joint City/County Task Force on Homeless Individuals and Youth issued their five-year strategies and priorities for housing homeless individuals and youth. The City incorporated these strategies into the 2000 Consolidated Plan. In 2001, a Task Force on Families issued strategies and priorities for this segment of the homeless population. The City Council and the Hennepin County Board adopted their report and recommendations. A development from these recommendations was the establishment of two entities to coordinate and implement strategies in support of the Task Forces' findings- a shelter advisory board and a metropolitan area level advocacy/advisory group. The Community Advisory Board on Homelessness (CABoH) began meeting in 2001 while Metro-wide Engagement on Shelter and Housing (MESH) was formally organized in 2001.

Through these entities, the City of Minneapolis works closely with a number of local and state agencies to ensure that Federal entitlement opportunities such as HOPWA, HOME, and ESG continue to meet funding priorities. For instance, the City works to direct funding to increasing the number of housing units as well as expansion of the scope of services provided to homeless persons. Descriptions of how these entitlement funds were used to assist the local Continuum of Care during the past program year follow.

To address needs and gaps in the Continuum of Care strategy, the City of Minneapolis supported the applications of Year 2006 Continuum of Care projects. Twenty-six applications received funding totaling \$7.34 million. Projects received funding for transitional and permanent supportive housing along with services. The following table describes the funded applications.

2006 Continuum of Care Awards

Project	Award	Description
Hearth Connection	\$826,200	New TRA S+C Hennepin County Metro Project – ELTH

SHP (Supportive Housing Program); **TRA** (Tenant-based Rental Assistance); **SRA** (Sponsor-based Rental Assistance); **S+C** (Shelter Plus Care); **ELTH** (End Long-Term Homelessness); **TH** (Transitional Housing); **PH** (Permanent Housing)

In order to address the needs of those experiencing homelessness and the needs of persons threatened with homelessness and requiring supportive housing, the following summarizes appropriate elements of the Continuum of Care system:

- Coordinate inter-agency and inter-jurisdictional action.
- Coordinated outreach and assessment.
- Emphasize permanent supportive housing and prevention services versus emergency shelter.
- Combine housing with appropriate supportive services.
- Tailor a variety of supportive services to appropriate needs of intended recipients.
- Involve the private sector to a more significant degree.
- Reduce use of emergency services to promote cost-effectiveness.
- Preserve existing capacity and expand.
- Prioritize projects that serve under served constituencies.

The Continuum of Care process works to identify activities that:

- prevent homelessness,
- provide outreach and assessment,
- provide emergency shelter space along with appropriate linkages to other services,
- fund transitional housing programs that utilize supportive services,
- assist special needs persons and families with appropriate permanent supportive housing options, and
- work to place very low-income households into permanent, affordable housing units.

Over the past year, city efforts at funding homeless needs in line with City/County Continuum priorities have made available units and services for homeless needs. The recognition has been to support housing programs offering the homeless a transition out of homelessness. However, demand for shelter use has increased, in part due to the gap between incomes and housing costs. The situation facing those most vulnerable to homelessness due to this gap has not improved. The Continuum process continues to examine available community service options to

expand opportunities for persons to transition out of homelessness. The City continues to work on producing and stabilizing affordable units to meet the housing needs of this population.

Further detail on how the County and City work to achieve actions in support of housing and services along the continuum can be found in the annual Hennepin County Continuum of Care narrative submitted annually to HUD.

The City directs its ESG, HOME, and HOPWA funds toward housing opportunities for those persons who are homeless and those threatened with homelessness, both special needs and regular populations.

Heading Home Hennepin Plan

In March of 2006, a joint City-County Commission to End Homelessness began meeting to develop an action blueprint to end homelessness in the next ten years. The 70-member commission includes city and county elected officials, philanthropists, business leaders, faith communities, and homeless and formerly homeless citizens. On any given night, the county shelters about 2,400 homeless, with another 400 people sleeping on the streets.

This community over the years has responded with compassion, wisdom, action, and resources to the plight of the homeless--building shelters and drop-in centers, starting treatment programs, and investing in transitional and permanent supportive housing for families, single adults, and unaccompanied youth. Innovative public/non-profit partnerships that prevent homelessness for at-risk families have been created, and implementation of rapid exit programs to reduce shelter stays has begun. Regional partnerships now address homelessness, implement Project Homeless Connect (a one-stop shop for services), and have increased street outreach. Talented and dedicated people have brought institutional knowledge, new money and ideas to the table from the McKnight Foundation and the Family Housing Fund, the Shelter Providers Action Association, levels of government, Homeless Against Homelessness and a myriad of other corporate, philanthropic and faith-based organizations too numerous to mention here.

These efforts have made a difference, creating housing, jobs, and services, building self-reliance and successfully bringing people out of the isolation of homelessness into safe and stable housing and productive community life. But it hasn't been enough.

The Commission's report, issued in the summer of 2006, contains six broad goals, thirty recommendations, and fifty concrete actions steps. Successful implementation of the Ten Year Plan will prevent homelessness whenever possible, provide outreach to get people off the streets, and provide stable housing for men, women, and children, and the support services they need to succeed. The Minneapolis City Council accepted the strategic framework in the

Spring of 2007. Successful implementation of the Heading Home Hennepin Ten Year Plan will:

- ❖ Change the paradigm from managing homelessness to ending it, from funding programs to investing in the community, from serving people to partnering with people to achieve self-sufficiency.
- ❖ Drastically reduce the number of shelter beds in our community, requiring only a few small shelters to address emergencies that cannot be resolved through prevention. People will be rapidly re-housed within two weeks.
- ❖ Eliminate panhandling and other nuisance issues through providing prevention and outreach services. Downtown businesses and neighborhoods will thrive as more people both move downtown and come downtown to shop, play, and attend a Twins game.
- ❖ Lead to safer streets, since no police time will be spent dealing with issues of homelessness. Non-criminal issues will be handled by trained outreach workers, so law enforcement personnel can attend to more pressing community safety issues.
- ❖ Greatly reduce recidivism rates as effective discharge planning will ease the transition of people back into our communities and housing plus services will reduce the revolving door of expensive institutional placements.
- ❖ Result in all-time low rates of youth prostitution and teen pregnancy due to increased family supports, extended drop-in hours and additional outreach workers in our schools.
- ❖ There will be no homeless children in our public schools.

The specific goals and recommendations of the Commission are as follows:

GOAL ONE: PREVENT HOMELESSNESS

Recommendations:

- 1) Expand Hennepin County's Family Homeless Prevention Assistance Program for single adults, youth, and families with children.
- 2) Adopt a zero tolerance policy for discharging people from public systems into homelessness.
- 3) Increase conflict resolution and other services for at-risk youth and their families.

- 4) Prevent and end homelessness for refugee individuals and families.

GOAL TWO: PROVIDE COORDINATED OUTREACH

Recommendations:

- 1) Develop a 24/7, coordinated system of outreach to those on the streets in Minneapolis.
- 2) Increase medical outreach and access to primary care and mental health services.
- 3) Increase number of youth outreach workers to suburban-area alternative schools.

GOAL THREE: DEVELOP HOUSING OPPORTUNITIES

Recommendations:

- 1) Preserve current stock of affordable and supportive housing, creating 5,000 new “housing opportunities” for youth, singles and families with children over the 10-year implementation period of the plan, and provide the support services people need to maintain housing stability.
- 2) Promote housing opportunities that create more locational choice and Transit Oriented Development (TOD) for homeless singles, families, and youth.
- 3) Develop and maintain good landlord relationships to enhance capacity for utilizing existing private housing market.
- 4) Increase the support that homeless families receive from the neighborhoods/communities in which they are moving.
- 5) Increase the number of housing case managers available to work with homeless and at-risk youth.
- 6) Expand out ability to rapidly re-house more single adults, underserved families, and youth.
- 7) Track and effectively communicate vacancies in existing affordable and supportive housing for youth, singles, and families with children.
- 8) Reduce barriers to developing a variety of housing options.

GOAL FOUR: IMPROVE SERVICE DELIVERY

Recommendations:

- 1) Connect people to the services they need to escape homelessness.
- 2) Encourage early intervention by providing the option of care for children whose parents need in-patient treatment.

GOAL FIVE: BUILD CAPACITY FOR SELF-SUPPORT

Recommendations:

- 1) Connect homeless adults with living wage jobs.
- 2) Connect homeless and at-risk youth, ages 16-21, with post-secondary education, job training, and employment.
- 3) Enhance the “financial literacy” of singles, families, and youth.
- 4) Ensure that eligible individuals and families apply for the Earned Income Tax Credit and the Working Family Credit.
- 5) Increase access to transportation for youth, families with children, and single adults so they can keep appointments, maintain or find employment, and go to school.

GOAL SIX: IMPLEMENT SYSTEM IMPROVEMENTS

Recommendations:

- 1) Improve effectiveness of current shelter system.
- 2) Improve collaboration among family providers throughout Hennepin County.
- 3) Enhance truancy interventions for at-risk and homeless youth.
- 4) Enhance cultural competency across the system to ensure access to quality services for all groups.
- 5) Offer increased access to financial assistance for youth.
- 6) Support metro-wide regional efforts to end homelessness.
- 7) The Executive Committee for implementation will recommend to the City of Minneapolis and Hennepin County an annual legislative agenda that supports the goals of this plan.
- 8) Develop accurate data system to track and evaluate progress on the 10-Year Plan.

Full funding will be the largest impediment to implementation of this action plan. Adoption of this Plan will result in modification of the existing Continuum of Care in Hennepin County (CABoH) with a new official advisory board to the Minneapolis City Council and Hennepin County Board of Commissioners, to provide ongoing input to county and city policymakers on issues of homelessness and report annually on accomplishments in implementing goals in the plan. Composition of this new advisory board is currently under discussion, and will include representatives of homeless single adults, families, and youth, and will include service providers, advocates, formerly homeless persons, faith-based organizations, neighborhood groups, community members and representatives from the Funders Council.

Emergency Shelter Grant (ESG) Program

The City includes ESG funds in its Affordable Housing Trust Fund RFP issued annually. Projects funded through this process are capital projects that assist in preserving the capacity to house those that are homeless.

The following table shows program year 2006 ESG expenditures by the City.

Emergency Shelter Grants (ESG)			
Strategy	Program	2006 IDIS Expenditures	Accomplishments
Rehab; Multi-unit Residential-Homelessness	Avenues for Homeless Youth	165,000	Rehab- 20 very low income shelter bed units
Rehab; Multi-unit Residential-Homelessness	Bridge for Youth	63,229	Rehab- 10 very low income shelter bed units
Rehab; Multi-unit Residential-Homelessness	Exodus	273,000	Rehab- 93 very low income shelter bed units
Rehab; Multi-unit Residential-Homelessness	Simpson Shelter	66,000	Rehab- 66 very low income shelter bed units
Rehab; Multi-unit Residential-Homelessness	St Annes Shelter	170,000	Rehab- 16 very low income shelter bed units
Rehab; Multi-unit Residential-Homelessness	St Stephens Shelter	65,000	Rehab- 40 very low income shelter bed units
General Administration	Administration	29,832	
	Emergency Shelter Grant Total Expenditures	832,061	

Housing Opportunities for Persons With AIDS (HOPWA)

In 1994, the Minnesota Department of Health (MDH) received funding from the U.S. Department of Housing and Urban Development (HUD) for housing for people living with HIV statewide. The Coalition for Housing for People with HIV/AIDS was designated as the advisory group to assist MDH in the distribution and expenditure of Housing Opportunities for Persons with AIDS (HOPWA) funds. During that time, a comprehensive needs assessment and five-year plan for HIV/AIDS housing was completed. In 1995, the number of AIDS cases for the Twin Cities metropolitan area surpassed the threshold, and the City of Minneapolis (the metropolitan area's largest municipality) became the designated HOPWA grantee.

Renewals for ongoing programs receive funding priority following priorities set by the Minnesota HIV Housing Coalition, which acts as an advisory group to make recommendations for HOPWA funding. If funds appropriated exceed the amount necessary to continue those programs at comparable levels, (or if priorities change to address changing needs) those funds are advertised by the City of Minneapolis Community Planning and Economic Development (CPED) through the Multi-Family Rental Housing Projects RFP process.

The City of Minneapolis designated its 2006 HOPWA allocation through a third party administrative agreement with Spectrum, a division of Resource, Inc., in order to continually ensure that the grant is distributed throughout the metropolitan area, Spectrum coordinated and monitored the HOPWA grant programs, including the current Subrecipient program sponsors: Minnesota AIDS Project (MAP) transitional housing program, and Metropolitan Council Housing & Redevelopment Authority housing assistance program.

Priority populations are:

- Households with children
- Individuals whose rental histories, pre-existing conditions, and other life circumstances increase difficulty of accessing affordable housing
- People from communities of color
- Adolescents and young adults 13-24 years of age
- Households who are homeless or at risk of homelessness

The Minnesota HIV Housing Coalition updated their needs assessment in 2002 and have the following priorities for funding. These recommendations address the use of HOPWA funds, funds that HOPWA can be linked with, and other potential funding sources.

- ◆ Promote the use of HOPWA funds for rental subsidies, or other housing expenses to secure and expand access to affordable housing for households affected by HIV. Ongoing subsidy renewal should be a

priority. Maintain funding flexibility reflecting the changing needs of people living with HIV and changes in the housing market.

- ◆ Promote flexibility in funding for capital projects. This flexibility is needed to reflect the changing needs of people living with HIV and changes in the housing market.
- ◆ Promote work with developers to market HOPWA rental subsidies in their development projects.
- ◆ Promote use of HUD programs such as HUD's Homeless Assistance Programs, Programs for Persons with Disabilities, Section 811 and HOME Initiatives to be directed to persons living with HIV/AIDS and their families.
- ◆ Seek competitive HUD funds, including HOPWA competitive (encompassing ten percent of national HOPWA allocation), for capital projects to increase the supply of affordable housing responding to specific needs of people living with HIV.
- ◆ Encourage Consolidated Plans to allow the use of Community Development Block Grants (CDBG) and Emergency Shelter Grant (ESG) for HIV housing, and HOME funds for rental subsidies and HIV housing.
- ◆ Provide training and systems development services to support capacity of HIV and other service providers to use these programs.
- ◆ Stabilize funding for support services in adult foster care and supportive housing. While HOPWA funds in Minnesota have not traditionally funded this, this emerging issue will be more critical in the future with awareness of increased service needs with HIV disease progression.
- ◆ Increase reimbursement levels for adult foster care
- ◆ Increase access to funding through established adult foster care and supportive housing programs including CADI, TBI waivers, Supportive Housing Program (SHP) and other waiver services.
- ◆ Use HOPWA as funding source of last resort to fill gaps where established adult foster care and supportive housing programs fail to meet needs.

The following are priority targeted strategies:

Targeted Strategies

Increased affordable housing stock through housing development and utilization of housing subsidies

- ◆ Provide outreach to and cultivate relationships with landlords.
- ◆ Provide seamless movement from transitional into permanent housing.
- ◆ Create affordable housing units, where rent is no more than 30% of adjusted income, including expansion of specialized housing stock with more units dedicated to special needs populations.
- ◆ Create mixed-use, high tolerance and harm reduction models of housing including SROs, apartments, and family housing.
- ◆ Projects that include assisted living programs, including adult foster care, and proposals from adult foster care providers that address recent changes in the HIV health spectrum.
- ◆ Outreach to non-profit developers as well as other housing professionals to leverage additional funds for new projects.

Intensive housing intervention

- ◆ Programs emphasizing advocacy.
- ◆ Programs prepared to assist clients through the housing search process, with staff/case managers trained in such areas as skill building and discrimination issues.
- ◆ Advocate assisting all HIV service agencies.
- ◆ Short-term rental assistance subsidy programs that include one-to-one interaction between staff and clients to improve client’s capacity for greater self-sufficiency.

Emergency housing assistance

- ◆ Emergency programs modeled on existing emergency funds from agencies experienced in the administration of emergency housing funds.
- ◆ Programs that emphasize “essential” services and limit “non-essential” services, such as past due long distance telephone bills.
- ◆ Proposals for short-term housing/emergency housing units.

Clearinghouse

- ◆ Projects which would partner with The Housing Link to improve their capacity to effectively serve the housing needs of individuals and families living with HIV and AIDS.

2005-09 HOPWA Projects	Purpose
Met Council HRA	Rental subsidies for permanent housing
Minnesota AIDS Project (MAP)	Supportive services, transitional housing rental assistance
Clare Apartments	Capital project, 10 permanent supportive housing units

A comprehensive overview of the HOPWA grant programs is contained in the appendix to this document. HOPWA resources are dedicated to the provision of tenant-based rental assistance based on priorities determined community-wide. For 2006 the Metropolitan Council HRA and Minnesota AIDS Project sponsored the program activities. The sponsors' goal at the beginning of the program year was to provide tenant-based rental assistance for 110 households, with a budget of \$747,840 – at the end of the program year 128 households were provided program services using grant funding of \$713,037, plus non-HOPWA funds for additional leveraging of \$201,873. The expected program outcome goals from program sponsors are estimated each year in Table 3 of the Consolidated Plan. Project sponsors receiving HOPWA funds in the past year provided the estimated number of households receiving HOPWA assistance and the total HOPWA funds expended during their operating year. There is a time lag between the providers' expenditure reports and the City's draw from HUD, therefore these performance reports differ slightly from the IDIS HOPWA reports found in the Appendix. The outlook for annual rental assistance, capital production and stabilization funding occurs subsequently to the Consolidated Planning process. The HOPWA performance report in the Appendix provides a comprehensive account of these HOPWA funded programs and its accomplishments.

The following summarizes barriers and recommendations articulated by the project sponsors, MAP and Metro HRA, in the 2006 HOPWA Performance Report located in the Appendix:

Barriers	Recommendations
<p>Housing availability continues to be the major barrier to persons living with HIV/AIDS. Additionally, a long term trend that creates a significant barrier to sponsors' efforts to provide housing needs to persons with HIV/AIDS is the continuation of clients having extensive legal histories. This has caused clients difficulty in obtaining safe and affordable housing. Our sponsors overcome this trend to the extent it can by fostering relationships with landlords in the community, which assists us in finding housing for those clients with extensive legal histories.</p>	<p>Continue to allocate HOPWA funding for tenant-based housing subsidies. These subsidies play a key role in helping a large number of HIV+ persons to obtain and ultimately maintain stable housing. The housing first approach helps these households to establish themselves and get a stable place to live. Since these funds offer flexibility in their use, clients can choose to live in neighborhoods, which work for them and accommodate their needs, such as medical care, transportation, school, work and more.</p> <p>Once stabilized in an apartment, housing specialists work and plan for more permanent solutions, HOPWA funds buy tenants time to work on these goals and stability to receive needed medical care, apply for work or</p>

	social security and get assistance with many more services needed to establish permanent housing.
--	---

HOME Investment Partnerships

The City of Minneapolis designates the Minneapolis Community Planning and Economic Development Department (CPED) as recipient of all HOME entitlement allocations for use in rehabilitation of single family homes and multi-family rental units as well as for the production of new single and multi-family units. The creation of additional affordable housing units through either new construction or rehabilitation increases the housing choices available to persons moving through the homeless continuum of care in the City of Minneapolis and Hennepin County. The ultimate goal is for those persons who have moved through the continuum - from being on the street in the beginning on up to supportive housing - eventually being able to move into a safe, affordable, independent housing unit created in part through HOME funding.

The following table illustrates 2006 HOME expenditures:

HOME Investment Partnerships			
<u>Strategy</u>	<u>Program</u>	<u>2006 IDIS Expenditures</u>	<u>Accomplishments</u>
Acquisition/Rehab; Ownership Housing	Single Family Home Ownership	435,513	14 affordable single family residences assisted
Rehab; Multifamily Residential	Paige Hall	429,150	69 units affordable housing rehabbed- 37 HOME assisted
Development; Multifamily Residential	St. Anthony Mills	1,200,480	New Construction of 93 rental units- 12 HOME assisted
Development; Multifamily Residential	Marshall River Run	1,109	New construction of 74 rental units- 8 HOME assisted
Development; Multifamily Residential	Jourdain Apts.	345,000	Acquisition/new construction of 41 rental units- 9 HOME assisted
Rehab; Multifamily Residential	Cecil Newman Apartments	118,399	Rehab of 64 rental units- 12 HOME assisted
Rehab; Multifamily Residential	Kingsley Commons	113,700	New Construction of 25 rental units- 4 HOME assisted
Development; Multifamily Residential	Ripley Gardens	433,090	New Construction of 52 rental units- 9 HOME

			assisted
Rehab; Multifamily Residential	Little Earth Phase 4	500,000	Rehab of 52 rental units- 6 HOME assisted
Development; Multifamily Residential	Washington Court Apts	380,000	New Construction of 38 rental units- 4 HOME assisted
General Administration	General Admin	53,240	
General Administration	CPED Admin	310,506	
	HOME Investment Partnerships Total Expenditures	4,320,187	

IX) Actions Taken To Prevent Homelessness

Goal HM-1	Support Persons Suffering from Homelessness
Objective HM-1a	Support movement of homeless families and individuals toward permanent housing
Objective HM-1b	Contribute capital resources to address supportive housing and shelter needs consistent with strategies of Continuum of Care and the Community Advisory Board on Homelessness

a) Address Emergency Shelter And Transitional Housing Needs Of Homeless Individuals And Families

In the provision of homeless and special needs facilities within the Consolidated Plan budget, the City emphasizes the use of its ESG and HOPWA entitlements to meet gaps. The City also assists these facilities with CDBG and HOME stabilization resources. The following sections review how the City used Consolidated Plan funds to address homeless and special needs in both the City and the surrounding metropolitan area.

Emergency Shelter Grant

As noted above, CPED annually issues an RFP for use of Emergency Shelter Grant funds for capital needs.

Housing Opportunities for Persons with AIDS

The City also allocates HOPWA funds to the MHFA for capital and permanent and short-term rental subsidy assistance for low-income families and persons with HIV/AIDS as described previously. This is an important resource for meeting the housing needs of families and persons with HIV/AIDS. This population's need to obtain or keep affordable housing is great. Stable housing situations are often second to health care in importance for this population. HOPWA funding for the

Minnesota AIDS Project's THP project provides a temporary subsidy of up to six months for individuals and up to 24 months for families with children.

b) Transition To Permanent Housing And Independent Living

The City works with programs that offer assistance to families to make the transition to permanent housing. Funding for the Minnesota AIDS Project Transitional Housing Program is one example. Family Housing Fund research recommends that time limits for transitional program participation be eased due to complexities of conditions faced by clients and the tight rental market which makes it difficult for clients to secure permanent housing. The Minnesota AIDS Project (MAP) and Metro HRA work to offer continued rental assistance to persons with HIV/AIDS when they expire their time limits in the transitional program. MAP staff works with clients to pursue alternative subsidy options: increased income, other public forms of assistance or personal rent supports.

Minneapolis through CPED uses its Affordable Housing Trust Fund to create additional supportive housing opportunities. Hennepin County also works to address permanent housing barriers with the Family Homeless Prevention Assistance Program.

X) Evaluation And Treatment Of Lead-Based Paint Hazards

Goal H-3	Provide for Safe Affordable Housing
Objective H-3a	Evaluate and remove lead-based paint hazards in City's affordable housing stock

The City has instituted a comprehensive lead-based paint strategy to address the issue of lead hazards in the city's housing stock with the goal, consistent with the State and Federal goals, of eliminating these hazards from the city by 2010.

The City of Minneapolis is taking a two pronged approach towards the goal of eliminating childhood lead poisoning by 2010. The elevated blood lead response program continues to perform risk assessments and write corrective orders. During the program year the city implemented an administrative citation program to levy fines against property owners who do not comply with written orders in a timely manner. The program also combines CDBG funds with a HUD lead hazard control grant which is performing risk assessments and making properties lead safe in a targeted neighborhood traditionally high for lead poisonings

In 2000, HUD comprehensively revised the regulations regarding treatment of lead-based paint hazards in housing programs operated by the agency. Since then, CPED and local contractor staff have attended training on the new HUD lead-based paint hazard regulations. The primary city office charged with

implementing and monitoring lead-based paint hazard mitigation strategies is Healthy Homes and Lead Hazard Control. Using resources from the City, Hennepin County and HUD, this office addresses lead-based paint hazards through:

- Identification and mitigation of lead hazards from units occupied by children with elevated blood lead levels.
- Education and outreach to the parents/guardians of children most impacted by lead hazards in dwellings.
- Lead-based paint hazard awareness training for housing inspectors and education materials on the disclosure rules and lead safe work practices distributed to rental property owners.
- Prevention of lead poisoning by incorporating lead hazard reduction into the maximum numbers of dwelling units undergoing rehabilitation activities.

In September 2003, Hennepin County was awarded HUD Round XI funding. The majority of properties to be served by this grant are in Minneapolis and as noted above, Minneapolis staff work to coordinate these funds with the CDBG funds provided for lead mitigation.

In addition, the City through CPED offers a loan and grant program providing a loans for single family owners to remediate any lead-based paint hazards.

These efforts have seen the level of child screening for lead increase while at the same time the number of children diagnosed with an elevated blood lead level has decreased.

XI) Improving Public Housing

Goal H-4	Foster and Maintain City's Public Housing Supply
Objective H-4a	Support rehabilitation needs of MPHA housing stock
Objective H-4b	Assist in locating financial resources to prevent subsidized housing "opt-outs"
Objective H-4c	Assist in development of Heritage Park

The City provided CDBG funding to the Minneapolis Public Housing Authority for improvements to the housing inventory for the Agency and provides support for resident initiatives. CDBG funding for resident participation enabled resident councils to promote resident participation in the review of public housing programs, policies and community building activities. Rehabilitation funds assisted 153 public housing single family properties to obtain housing improvements through the MPHA's modernization program. The City also provided CDBG assistance to the public housing authority's mobility counseling program targeted to Section 8 Housing Choice Voucher recipients and former

Hollman residents. This CDBG funding has assisted 22 households over the past year, 472 households through life of the program.

The organizational relationship between the MPHA and the city continues to be an important component of the city’s institutional structure for carrying out its housing and community development plan. The MPHA is governed by a nine member Board of Commissioners; four of these members are city council-appointed, and five members, including the chairperson, are mayoral appointees. One appointee of the council and mayor respectively must be a public housing resident.

The MPHA functions as an independent housing authority with its own personnel and purchasing systems. City staff sits on the Comprehensive Grant Committee of MPHA and MPHA staff contributes to the development of the city’s Consolidated Plan. The city funds resident participation initiatives that encourage local resident management of public housing sites.

XII) Affirmatively Furthering Fair Housing

Goal H-5	Affirmatively Further Fair Housing
Objective H-5a	Enforce the City’s fair housing ordinance
Objective H-5b	Provide resources to the metro Fair Housing Implementation Committee

The City acts through its Consolidated Plan to affirmatively further fair housing in its jurisdiction. These actions include providing fair housing information to the community and educating community groups and businesses on fair housing issues. Fair housing principles have been incorporated into the City’s Housing Principles to ensure equal opportunity in the availability of housing in the city. The City also enforced fair housing actions through its Civil Rights Department. The Minneapolis Department of Civil Rights (MCDR) investigated claims of discrimination of various types (housing, jobs, employment).

During the past program year, the Complaint Investigation Unit investigated 12 Fair Housing and/or Real Estate complaints. Three cases were resolved with no probable cause. The Department of Civil Rights also began steps toward becoming a Housing Enforcement Protection Agency for HUD. The Department is also analyzing housing discrimination language in the City’s Civil Rights Ordinance.

a) Analysis Of Impediments to Fair Housing

HUD requires its recipients of Consolidated Plan funding to conduct an Analysis of Impediments to Fair Housing for each five-year Consolidated Plan strategic

plan. For the 2000 Consolidated Plan, the City joined with other metropolitan area entitlement jurisdictions to conduct a metro area Analysis of Impediments to Fair Housing. This Regional Analysis of Impediments contains recommended actions that each jurisdiction can take to address barriers for the period 2000-04. This analysis was completed by the Legal Services Advocacy Project in 2001. In April 2002, an Action Guide to the 2000 Analysis of Impediments was developed. Since then the jurisdictions have created a Fair Housing Implementation Council (FHIC) composed of jurisdiction and stakeholder representatives to determine annual strategic actions. The two publications, the Analysis of Impediments and Action Guide, are available from the Metropolitan Council. They can also be viewed on the Council's website

(www.metrocouncil.org/planning/housing/fairhousing.htm).

Representatives from the City's Civil Rights Department and Office of Grants & Special Projects sit on the Fair Housing Implementation Council. Since 2003, the Fair Housing Implementation Council has approved a variety of action plan items for which metro jurisdictions are implementing. The FHIC provides the City with a clear understanding of the issues that are in need of the greatest attention and what the City can proactively provide to those issues. In 2006, FHIC received an award of excellence from the National Association of County Community and Economic Development for its metro-wide approach and partnership to fair housing issues.

The following actions have been undertaken during the 2006 program year.

Impediment*	Action	Organization	Resources	Outcome
28/29- Refusal to rent to tenants by familial / income status disproportionate impact upon protected class members	Services including complaint intake, investigation, advocacy and litigation	Housing Discrimination Law Project	CDBG	83 cases closed
	Enforcement of City fair housing ordinance; case investigation	Minneapolis Civil Rights Department	CDBG	12 cases investigated; 3 closed
28/29- Refusal to rent to tenants by familial / income status disproportionate impact upon	Advice and representation with special emphasis on housing and shelter-related issues	Legal Aid Society	CDBG	185 cases

protected class members				
35/36- Lack of awareness of providing for reasonable accommodation; financing accommodative actions	Develop fact sheets, forms and training for owners & tenants on reasonable accommodations	Metropolitan FHIC	FHIC	Underway
26- Segregated residential patterns limit or restrict housing choice for protected class members	Fostering inclusive communities- support of variety of public/private inclusive community initiatives	Metropolitan FHIC	FHIC	Survey of providers and policymakers undertaken in Summer 2007
14/29-Refusal to rent to voucher/ subsidy recipients,	Rental testing and enforcement	Legal Aid Society	FHIC	280 open cases as of June 2006
11- LEP households have unequal access to housing related programs	survey public agencies; develop web-based access for translated housing forms	Metropolitan FHIC	FHIC,	Survey completed

b) Affirmative Actions Undertaken in Support of 2000 Analysis of Impediments

Over the past year, the City and others continue to undertake the following actions in response to fair housing impediments raised in the 2000 Analysis of Impediments:

Impediment #4- Local demolition and redevelopment activities have resulted in displacement of protected class members and reduction in amount of available affordable housing

- ◆ CPED requires any developer who plans to demolish existing housing to provide a relocation plan, as well as the HUD one-for –one replacement requirement as well as meeting the City of Minneapolis’ affordable housing policy. No city sponsored demolition resulted in any displacement and the

City met its annual goal of producing more new units in both impacted and non-impacted areas than the City removed from the housing inventory.

Impediment #11- LEP populations are often unable to access information and services in their primary language related to housing programs

- ◆ CPED provides direct funding and support to First Call for Help and Housing Link. Each of these organizations provides information about housing programs throughout the City of Minneapolis in other languages. The City of Minneapolis Department of Health and Family Support provides Spanish and Somali interpretive services for CPED housing programs.
- ◆ CPED provides direct funding to the Homeownership Center. The Homeownership Center provides training and counseling services to individuals purchasing homes. These services are offered in several languages and provide the necessary information needed to navigate the home buying process.
- ◆ Convened and facilitated work group of metro-area Public Housing Authorities that resulted in selection of four common HUD forms for translation into five languages.

Impediment #19- Lack of state or local legislation to curb predatory lending practices

- ◆ The City strongly supported state legislative efforts on predatory lending reform legislation.

Impediment #14- Refusal to rent to those with Section 8 housing vouchers; underutilization of housing vouchers

- ◆ The Minneapolis Public Housing Authority provides advertisement of openings for the waiting lists for public housing and Section 8 housing in the major circulation newspaper as well as community and neighborhood newspapers in several languages. CPED requires as part of affirmative marketing agreements, the advertisement of developed units in community newspapers.
- ◆ The Minneapolis Public Housing Authority utilizes a marketing person to recruit new Section 8 landlords. The recruitment has taken on various concerns, one of which are larger family units.
- ◆ CPED requires that all city-assisted development projects provide for Section 8 acceptance.

Impediment #28/29- Refusal to rent to tenants by familial/income status disproportionate impact upon protected class members

- ◆ The City instituted a tenant screening ordinance.

XIII) Providing Coordination Between Public And Private Housing And Social Service Agencies

The institutional structure through which the City carries out its housing and community development plan consists of public, private and nonprofit partners. Many have worked with and supported the city in carrying out the affordable and supportive housing strategy for the community.

The primary public entities are the City of Minneapolis, Minneapolis Community Planning and Economic Development, the Minneapolis Public Housing Authority, Hennepin County, and the Minnesota Housing Finance Agency. Nonprofit organizations include nonprofit developers, community housing development organizations, and the Family Housing Fund. Private sector partners include local financial institutions, for-profit developers and the foundation community.

The City works with these partners to design programs that effectively work to better the conditions present in the city. However, gaps in program delivery still occur whether through funding shortfalls, differing timetables, and contrary regulations. The City seeks to resolve these gaps through its commitment to its institutional relationships evidenced by its close working relations with its partners. The city will continue to meet with and inform its partners of its housing and community development needs, goals and strategies.

As noted earlier, the organizational relationship between the MPHA and the City is an important component of the city's institutional structure for carrying out its housing and community development plan.

XIV) Addressing Non-Housing Community Development Needs

An important component to the Consolidated Plan is the role that non-housing community development needs play in a comprehensive redevelopment strategy. CDBG funds can be used to address these needs outside of housing in order to provide benefits to the community's low- and moderate-income households. The City undertook the following actions in FY 2006 to support non-housing community development needs in support of its Consolidated Plan.

a) Public Services

The following are the goal, objectives and strategies the City is carrying out for its 2005-09 Consolidated Plan.

Goal CD-2	Support the Community Safety Net
Objective CD-2a	Provide support to the City's senior citizens

High Priority Strategies

Senior Services

Support programs that allow seniors to be self-sufficient

Goal CD-2	Support the Community Safety Net
Objective CD-2b	Promote healthy outcomes for low and moderate income individuals and families

High Priority Strategies

Health Services

Promote the healthy well being of residents through public and private service providers

Goal CD-2	Support the Community Safety Net
Objective CD-2c	Provide resources to vulnerable citizens

Medium Priority Strategies

Public Services (General)

City will decide on appropriate funding needs for public services on case-by-case basis. City will support program applications for federal assistance

Substance Abuse Services

Coordinate with county to promote culturally sensitive substance abuse programming

Mental Health Services

Work with County to provide outreach and assessment services to remedy individual mental health issues

Goal CD-2	Support the Community Safety Net
Objective CD-2d	Promote resources for the City’s youth programming initiatives

Medium Priority Strategies

Youth Services

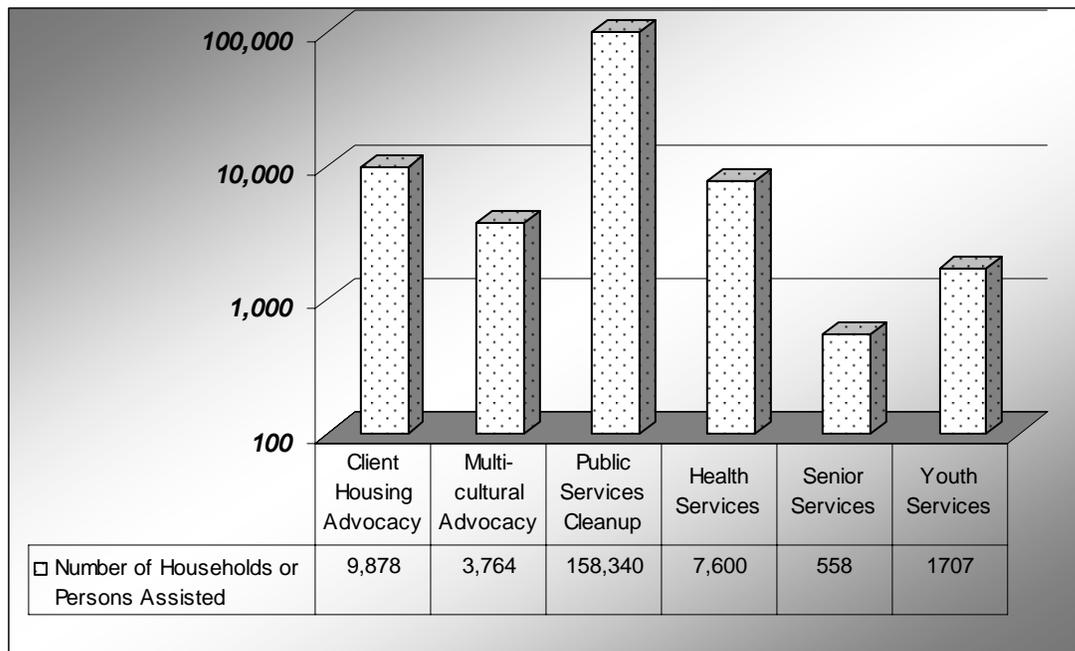

Develop and support community-based services to nurture and support young people

Over the past year the City supported the following public service activities. A majority of funds spent supported key city public service initiative priorities such as Way to Grow and graffiti removal as well as supporting the priorities laid out by the City’s Public Health Advisory Committee.

<u>Strategy</u>	<u>Public Services</u>	<u>2006 IDIS Expenditures</u>	<u>Accomplishments</u>
Client Housing Advocacy	Administration & Advocacy	110,317	Reduce unnecessary eviction / homelessness
Multicultural Client Advocates	Multicultural and Native American Advocates	164,670	Assist multicultural city residents navigate city services / organizations
Public Services – Cleanup	Public Property Graffiti Removal	39,633	Benefit to CDBG targeted neighborhoods
Health Services	MELD – Young at-risk parent education	3,699	Parenting education support for 159 parents
Senior Services	Senior Block Nurse Program	49,150	558 Seniors served through 3 programs with homehealth visits – preventative care
Health Services	Way to Grow	345,558	2,002 persons served through this well development program
Youth Services	Curfew Truancy Center	98,000	Partnership with Minneapolis Police strengthened – youth issues identified, programs provided, juvenile crime prevention; 1,186 youth served
Youth Services	Little Earth Residents Association	35,598	Technology center provided for improved academic success and school attendance for 261 youth
Employment Training	Youth Employment	68,140	Summer employment opportunities, 14-21 year old – 42 youth served
Youth Services	Early Childhood Resource and Training Center	15,846	Develop childcare skills, safety and literacy improvements for 95 childcare providers
Child Care Services	GMDCA Child Care Services	60,257	CDBG reimbursement for prior year daycare assistance
Child Care Services	YWCA Daycare	32,533	Subsidies to 20 families with pre-schoolers, parents maintain employment
Health Services	NHCN Community Health Clinics	265,719	Health and preventative-type services to 1,439 low income high-risk adolescents
Health Services	Carondelet Lifecare / St. Mary's Health Clinic	62,292	Primary health care to low income uninsured – 989 persons assisted
Health Services	Children's Dental Services	11,011	Dental services for 108 low-income children
Client Health Advocacy	Lao Advancement Organization of	57,762	Bi-cultural health education, preventative health and

	America		access for 97 low income residents
Client Health Services	Minneapolis Medical Research Foundation / HCMC	37,243	Assistance and referrals provided to 29 low-income African-born, HIV+ clients
Youth Health Services	MPS Teenage Parenting & Pregnancy Program	66,130	Health consumer advocacy and development of health career opportunities for 103 low-income Broadway public school students
Health Services	Native American Community Clinic	15,643	Pediatric, and alcohol exposure, care for 377 low-income predominantly American Indian residents
Health Services	New American Community Services	46,921	Health education specific to 1,113 African born residents
Health Services	Southside Community Health Services	33,271	Primary medical and dental services to 1,369 residents mostly with chronic disease
Health Services	Minneapolis Urban League	27,519	Culturally specific mental health services to 15 uninsured African Americans, 161 hours of clinical services
	Public Services Total Expenditures	1,646,912	

**CDBG Public Service Programs
Households or Persons Assisted During 2006 Program Year**

* Public Services Cleanup includes Graffiti-removal beneficiaries.

b) Public Facilities

The City is pursuing the following goals and strategies with respect to the provision of public facilities in its 2005-09 Consolidated Plan.

Goal CD-3	Meet Community Infrastructure Needs
Objective CD-3a	Use CDBG resources to address public space initiatives in CDBG target areas

High Priority Strategies:

Public Facilities (General)

Use Capital Improvement Plan to guide city investment in public facilities

Child Care Centers

Provide capital funds to maintain existing childcare opportunities, and to expand number of childcare opportunities

Neighborhood Facilities

Address capital improvements to neighborhood-based facilities that are accessible to the city’s low and moderate income residents

Medium Priority Strategies:

Senior Centers

Renovate, expand or develop public facilities appropriate for the city’s growing elderly population

Youth Centers/Handicapped Centers

Renovate, expand and develop of public facilities appropriate for the city’s youth population, including special need groups

Park and Recreational Facilities

Park and recreational sites will be made secure, attractive, and accessible through capital investments

Non-Residential Historic Preservation

Provide for historic preservation on historically, architecturally and culturally significant community institutions

<u>Strategy</u>	<u>Community Infrastructure Programs</u>	<u>2006 IDIS Expenditures</u>	<u>Accomplishments</u>
Clearance & Demolition	New Problem Properties Strategy	152,267	160 units boarded
	Total Expenditures	152,267	

XV) Anti-Poverty Strategy

Goal CD-1	Expand Economic Opportunities for Low- and Moderate-Income Persons
Objective CD-1a	Link residents to permanent jobs

High Priority Strategy

Economic Development Direct Financial Assistance to For-Profits

City will work to link provision of public assistance to companies who can offer jobs appropriate to low and moderate income residents' needs. This assistance may include HUD Section 108 financing as necessary.

Goal CD-1	Expand Economic Opportunities for Low- and Moderate-Income Persons
Objective CD-1b	Provide resources to improve community access to capital

High Priority Strategies

Rehab, Publicly or Privately-Owned Commercial

Rehabilitate commercial properties to keep them marketable

Medium Priority Strategies

Commercial Industrial Land Acquisition/Disposition

Facilitate commercial/industrial investment to core areas of the city suitable for redevelopment

Commercial Industrial Infrastructure Development

Support new industry in specific industrial/business center growth areas such as SEMI-University Research Park, Biosciences Corridors.

Other Commercial Industrial Improvements

Planning, market studies, design forums, infrastructure improvements such as roadway access, capital equipment acquisition

Low Priority Strategies

Economic Development Technical Assistance

Direct technical assistance opportunities to small businesses, especially through CPED Business Assistance office.

Micro-Enterprise Assistance

Direct technical assistance opportunities to small businesses, especially through CPED Business Assistance office.

The City of Minneapolis continued its efforts to reduce the number of poverty-level families in the city through focusing its development resources on programs and activities that facilitate the creation or retention of job opportunities. A city goal the creation of job opportunities and equipping city residents to take advantage of those resultant opportunities.

The following chart details economic development projects funded through the 2006 Consolidated Plan.

<u>Strategy</u>	<u>Economic Development Programs</u>	<u>2006 IDIS Expenditures</u>	<u>Accomplishments</u>
Child Care Centers Capital Improvements	Childcare Facilities Loan/Grant	26,615	Completed 5 family child care renovation projects serving 64 children
Clearance & Demolition	New Problem Properties Strategy	152,267	160 units boarded
Economic Development Assistance	Hollywood Theatre	12,109	Marketing site for developer reuse, completed as slum/blight improvement
Economic Development Assistance	Penn Lowry Redevelopment	56	CDBG assistance for soil remediation and site prep for retail/office complex
Economic Development Assistance	PPL Bldg Conversion	300,000	Conversion and rehab of community facility serving low income clients
Economic Development Assistance	St Annes Senior Housing	100,000	Site prep for future mixed use commercial/housing facility
Economic Development Assistance / Anti poverty strategy	Industry Cluster Program (Living Wage Jobs)	106,077	Placement of 31 low income residents with jobs supporting city's living wage policy
Economic Development Assistance / Anti poverty strategy	Adult Training, Placement & Retention	592,660	Placement of 348 income-eligible residents with employers with use of performance targets
	Economic Development Programs Total Expenditures	1,289,784	

Improved housing and human development activities are essential components of the City's anti-poverty strategy. Various programs are utilized by the City in this effort, including among others, the Neighborhood Revitalization Program, CPED programs, and initiatives of the Minneapolis Public Housing Authority. These programs have made progress in diversifying the City's housing market. In areas of economic development, the City has worked with private and non-profit partners to create an environment to develop opportunities for residents to leave poverty.

Businesses provided with public funds for economic assistance from the City are required to post job openings with the City's Employment and Training Program in an attempt to link City residents with these jobs. In FY 2006, CDBG-funded vocational training efforts assisted 379 adults in obtaining private sector, permanent jobs.

The City also funds programs that prepare youth for their future by equipping them with job and career building skills. Youth employment training programs funded through CDBG funds enabled 42 youth to receive job training skills in FY 2006.

The City works to clean up polluted industrial sites in order to attract new light industrial businesses, or to site new housing or commercial development opportunities. Minneapolis CPED is the key public agency in coordinating the clean up of sites. Funding assistance is received from the Environmental Protection Agency, the Minnesota Pollution Control Agency and Department of Trade and Economic Development, the Metropolitan Council and other local sources. The benefits to Brownfield's redevelopment is an increase in the tax base, provision of job opportunities to city residents, improvement in the environment, and recycling of city land to productive uses.

Another method by which the City has attempted to address an economic development needs in the City has been the development of the Business Link office. Operated by CPED, Business Link is a one-stop, service center for businesses. The program assists businesses in understanding and working with various city regulatory services. It also assists in locating appropriate affordable business financing for equipment, land or building purchases, building improvements or expansions, working capital and micro loans. CPED and Operations and Regulatory Department staffs are also implementing a similar effort to assist developers and individuals with navigating the City's development process.

Commercial corridor revitalization is another economic development strategy being pursued by the City. The goal is to strengthen the commercial market for these areas, and to attempt to efficiently tie together commercial, housing, and transportation options in commercial corridors. Minneapolis' ability to creatively think how these corridors can work to underpin accessible job, commercial,

housing and transportation objectives has led to the City receiving several Livable Communities grants from the Metropolitan Council. The City's Empowerment Zone initiative has also participated in commercial corridor revitalization for benefit of EZ residents of the city. Areas of the city identified for assistance are West Broadway, Penn Avenue, Plymouth Avenue, Lake Street, and Franklin Avenue.

A major economic development project undertaken within the 2005-09 Consolidated Plan strategy is the Midtown Exchange, located on the former Sears Building site. The largest recent redevelopment in the state, the Midtown Exchange is the sum of over a decade of planning. It consists of 360 apartments, condominium units and townhomes; the new headquarters of Allina Health Systems, a hotel, a public bazaar market, and office space. The site also includes a transit transfer facility. The City used Economic Development Initiative and HUD Section 108 loan funds to construct the parking ramp for the facility and CDBG and HOME funds on other aspects of the project. Close to 2,000 permanent jobs are expected in Midtown Exchange when it is fully leased out.

XVI) Addressing Barriers To Affordable Housing

Minneapolis is sensitive to the effects that public policies have on the cost of housing, or serve to dissuade development, maintenance or improvement of affordable housing. Although some of the barriers to the cost of producing affordable housing are beyond the control of local government, it is hoped that city policies do not create more barriers. The city works to establish positive marketing strategies and program criteria increasing housing choices for households with limited incomes, to provide geographical choice in assisted housing units, and to improve the physical quality of existing affordable housing units. The city has identified regulatory, transportation and financing issues as barriers to affordable housing.

Goal H-6	Remove or ameliorate any barriers to affordable housing
Objective H-6a	Mitigate barriers to the development, maintenance, and improvement of affordable housing

Regulatory/Program Strategies

- In the area of regulatory controls, the city has administratively reformed its licensing and examining boards to ensure objectivity and eliminate unnecessary regulation in housing development. The city continues to update unnecessary regulation in housing development. The city has now updated its entire competency based test to be current with the adopted codes. The city no longer limits the pool of contractors that can enter the

city to facilitate housing development, which encourages a more competitive pricing environment.

- The city's Truth in Sale-of-Housing program is now web-based. Both sellers and buyers have greater access to the report, repair checklists, and certificates needed for sale. Real estate agents and closers also have access to the documents they need for marketing or closing 24/7. The program is trying to help maintain the housing stock by identifying housing deficiencies and requiring that certain life-safety items be repaired when a property is sold.
- In 2002, the city amended its zoning code to increase flexibility and provide an affordable housing density bonus for developers. The maximum floor area ratio and number of dwelling units for new cluster and multifamily dwellings of five or more units may be increased by 20 percent if at least 20 percent of the dwelling units are affordable housing (50 percent of MFI).
- In response to other regulatory controls and life safety issues that may affect the cost of affordable housing, the city housing agency continues to work with various regulatory departments to cancel special assessments and outstanding water charges on properties during the acquisition process. The city adopted/implemented a more lenient code for remodeling older homes. The Minnesota Conservation Code has been included as part of the State Building Code. The city has been active this past year to amend it at a state level as part of a 1311 committee to be more user friendly and allow for specific interpretation.
- Minneapolis has had a very active stabilization/preservation program for many years and participates in the Interagency Stabilization Group (ISG), a multi-jurisdictional group of affordable housing funders. The group considers the stabilization needs of existing housing units in a comprehensive and coordinated manner, working directly with owners to accomplish goals. This approach deals directly with the problems of existing units to make sure that they remain affordable. Comprehensive funding solutions are provided for the physical and financial stabilization of distressed and at-risk affordable rental properties.
- The City is participating in the Family Housing Fund's new Preservation of Supportive Housing for Families Initiative, also called the Stewardship Council. A broad group of funders (FHF, CPED, MHFA, HUD, Hennepin County and Mn DHS) has been convened to focus on the stabilization of family supportive housing. In addition to financing the stabilization of individual properties, there is an emphasis on asset management, organization capacity, and healthy families initiatives. There is a core relationship to the State Business Plan to End long Term Homelessness and ongoing monitoring of City production progress as it relates to the Heading Home Hennepin plan.
- CPED's recently developed land acquisition programs (Higher Density Corridor Program for multifamily housing projects and Capital Acquisition Revolving Fund for mixed-use projects) address a key barrier to affordable

housing – the need to assemble sites for development. These initiatives allow the city to gain control of land for disposition to developers for affordable and mixed-income development on the city’s corridors, creating a critical linkage between affordable housing, jobs and transit.

- Since lead-based paint can serve as a barrier to the preservation of safe and affordable housing, the city will continue multi-faceted efforts with county and community partners to address this issue. The city is taking a two-pronged approach to eliminate childhood lead poisoning. City efforts include training contractors to mitigate lead-based paint hazards on rehabilitation projects. Work supports the city’s formally adopted 2010 goal of eliminating lead-based paint hazards in the community. The elevated blood lead response program continues to perform risk assessments and write corrective orders. The city implemented an administrative citation program to levy fines against property owners who do not comply with written orders in a timely manner. Our program combines CDBG funds with HUD lead hazard control grant which is performing risk assessments and making properties lead safe in a targeted neighborhood traditionally high for lead poisonings. In 2006 the city continued using CDBG funds with HUD Lead Hazard Control Grant funds to make residential units safe. We also continue our cooperation with Hennepin County in providing risk assessments and case management on elevated blood lead cases. Hennepin County uses their HUD grant funds to provide lead hazard reduction on the residences of these children.
- Minneapolis has reinstated a joint city and county Vacant and Boarded Housing Task Force. The task force has the responsibility of coordinating city and county efforts to bring vacant residential property back on the market as soon as possible. The city continues to work together with CPED, Regulatory Services and the County to restore dilapidated property where appropriate and demolish it where the economic feasibility justifies removal. During the 2006 program year the city successfully developed and sold properties to low and moderate income buyers.

Transportation Strategies

- Concerning addressing transportation barriers for low-income residents and its impact on accessing job opportunities that promote economic self-sufficiency, the city actively seeks to link its affordable housing and commercial corridor development strategies.
- The city has also amended its comprehensive plan to allow for denser housing development along sections of its light rail corridor. The city also strives to locate affordable housing units with access to public transportation through offering developers density bonuses. The city’s primary multifamily funding programs have established priority points in their respective ranking systems for “proximity to jobs and transit”.
- The Minneapolis Plan, the City’s Comprehensive Plan, was adopted by the Mayor and City Council on March 24, 2000, and is currently being

updated in accordance with state law. The Plan and its corridor housing implementation programs support the development of affordable and mixed-income housing in close proximity to transit service, especially near Light Rail Transit stations and along high frequency bus routes. Since 2000, the Minneapolis Plan has been amended several times to include opportunities for investment development that maximizes the benefits of transit such as multi-family housing.

- A higher density corridor housing initiative provides new funding sources for public (CPED) acquisition of sites for multifamily housing development on or near community, commercial and transit corridors as defined in the Minneapolis Plan, will be used to assemble larger sites for new mixed-income rental and ownership multifamily housing development.
- The comprehensive plan states that Minneapolis will implement steps to integrate development with transit stations, concentrating highest densities and mixed-use development nearest the transit station and/or along commercial corridors, community corridors and/or streets served by local bus transit. This supports the development of new housing types and recruitment of land uses that value convenient access to downtown Minneapolis or other institutional or employment centers that are well served by transit.

Financing Strategies

- The Minneapolis city council adopted a preservation policy in 1991, and since then, the city has preserved 2,660 units of federally subsidized housing through proactive efforts. The Minneapolis Public Housing Authority in partnership with the City of Minneapolis has utilized Project Based Section 8 to stabilize over 560 units of low income housing serving homeless families, people with HIV/AIDS, and others.

Along the line of keeping private housing affordable, the city provides funding for programs preventing mortgage foreclosures. Minneapolis CDBG funds are used to leverage mortgage foreclosure programs where foreclosures are prevented at rates exceeding 50% where households receive intensive counseling. The program provides financial assistance in the form of a no interest-deferred loans to reinstatement mortgages for families. In addition funds are leveraged from other public and private sources to reinstate mortgages. This project provides intensive marketing and outreach to underserved populations.

- The City will continue to lobby and advocate for full federal and state financial participation in its affordable housing efforts. This includes full financing of the Section 8 Housing Voucher program. Other legislative items that the City supported include: reauthorization of the tax class that benefits rental developments provided at least 75% of their units are funded by Section 8; sustaining the funding levels of the challenge grant, and increasing the housing trust fund appropriation, to increase funding for homelessness

prevention; the 2006 bonding bill that appropriated \$17.5 million for the continuation of the homelessness prevention initiative

- The MPHA continues to manage and preserve over 5000 units of public housing serving low income families and over 4500 Section 8 vouchers. Additionally, MPHA acts as a financial fiduciary for several local homeless shelters and battered women shelters.

XVII) Ensuring Performance-- Monitoring

Goal AD-1	Manage HUD Resources for Accountability
Objective AD-1a	Design, implement and monitor Consolidated Plan programs to achieve compliance
Objective AD-1b	Encourage citizen feedback for Consolidated Plan performance

The following describes the standards and procedures that the City uses to monitor activities carried out in the Consolidated Plan and to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements.

1. Purpose

The intention of these guidelines is to define the City's monitoring system and provide general guidelines and operating standards for "overseeing" subcontracted activities.

2. Objectives

The objectives of the City's monitoring system are:

- ◆ To satisfy the statutory requirements of grantor agencies
- ◆ To assist contractors in properly administering grant-funded programs implemented on behalf of the City
- ◆ To minimize the City's liability by identifying and correcting major program deficiencies before they result in financial penalties and/or funding sanctions.
- ◆ To provide City management and grantor agencies with performance information to guide them in making future funding decisions (i.e. verify the quantity and assess the quality of the services being delivered).

3. Definitions

The definition of monitoring, for the purposes of grant administration, is an on-going process aimed at measuring, maintaining and/or improving performance

and, under normal circumstances, can be placed in one of the following two categories:

Production Monitoring: Review procedures done at critical points within a process to assure production consistency. An example of this would be the "desk top" review of invoices by City staff before payment.

Quality Control / Compliance Monitoring: Review procedure done outside the production process to assess the quality of the process and product being delivered; it can be used to measure the effectiveness of production controls. An example of this would be the reviews conducted by auditors to determine the accuracy and adequacy of financial records, procedures and controls.

Vendor: A "Vendor," as defined in the Internal Control Standards section of the Federal Managers Financial Integrity Act of 1982, audit resolution Standard is one who:

- ◆ Provides goods and/or services within normal business operations
- ◆ Provides similar goods or services to many different purchasers
- ◆ Operates in a competitive environment
- ◆ Is not required to follow program compliance requirements in delivering goods and/or services

Subrecipient: A "Subrecipient" as defined in the Internal Control Standards section of the Federal Managers Financial Integrity Act of 1982, audit resolution Standard is one who:

- ◆ Determines eligibility for assistance
- ◆ Is required to meet program objectives
- ◆ Is responsible for making program decisions
- ◆ Is responsible for meeting program compliance requirements
- ◆ Uses funds provided to carry out a subrecipient program rather than provide goods or services for a program of the prime recipient.

4. Production Monitoring

Subrecipient Monthly/Quarterly Reports: City departments responsible for administering grants normally require periodic reports from subrecipients indicating costs incurred and progress on contract goals. Normally, these are

done monthly and result in installment type payments over the contract period. Payments cover reported costs and may include an operating advance. Program and Finance staff review these reports before payment – also, the reports serve as one of the indicators as to whether an on-site visit is necessary.

Vendor Invoices: Vendor invoices are normally submitted after goods or services have been received and are reviewed by Program and Finance staff before payment. Payment is based solely on the competitively established per-unit price of the goods or services received rather than the cost to the vendor.

Technical Assistance: The City Program and Finance offices both provide technical assistance on a request basis to improve subrecipient performance and reduce the need for compliance monitoring. During these visits, staff is not only able to provide subrecipients with technical assistance but can assess the need for "quality control" type follow-up visits.

Audit Reviews: City Finance staff performs audit reviews on a regular basis to assure that:

- ◆ Required audits are completed and submitted.
- ◆ Any findings identified in the reports are resolved.
- ◆ The reports, in general, meet the grantor's minimum audit requirements.

The audit review function is a centrally coordinated and controlled activity and is used as another indicator of the need to conduct an on-site visit.

5. Quality Control/Compliance Monitoring

Quality control or compliance type monitoring is done on a "perceived risk" or request basis and is conducted by Program, Finance, or a combination of Program and Finance staff as dictated by each particular situation. Monitored subrecipients are selected from the most recent complete list of contractors, based on dollar volume and/or types of activities being undertaken and/or for the problem indicators previously listed. Subrecipients monitored on a request basis are normally identified by City Council members or subrecipient Boards also on a perceived risk basis but on the judgment of someone other than Program or Finance Department staff.

Under current staffing, subrecipients meeting the following criteria do not necessarily need to be monitored:

- ◆ Those that receive less than \$5,000 per year
- ◆ Those that have a "clean" audit report.

- ◆ Those that have been administering programs for the City/CPED for more than 3 years
- ◆ Those that have submitted all of the required program and financial reports and those reports do not indicate a problem.

Monitoring review is done using the contract as a guide with the summary of results and recommendations from each visit prepared in memo form and provided to the responsible Program Office manager(s) for resolution.

The City monitors Consolidated Plan projects to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements. For example, with the HOME program, the City conducts monitoring on an ongoing basis, depending on the type of project, for 5 to 20 years, to assure requirements are met related to rents, income of tenants, affirmative marketing and fair housing, condition of the property, and resale/recapture provisions.

The objectives of the city's monitoring system are:

- To satisfy the statutory requirements of grantor agencies.
- To assist contractors in properly administering grant funded programs being implemented on behalf of the city.
- To minimize the city's liability by identifying and correcting major program deficiencies before they result in financial penalties and/or funding sanctions.
- To provide city management and grantor agencies with performance information to guide them in making future funding decisions (i.e. verify the quantity and assess the quality of the services being delivered).

The Civil Rights Department monitors city-funded projects (including HOME) through its Contract Compliance unit and sets development participation goals for women/minority-owned businesses through its Small and Underutilized Business Program.

Routinely, the City reviews new and existing grant contracts. Grants, Finance, Health, Civil Rights, and Community Planning and Economic Development (CPED) offices provide on-site visits to contract agencies on a schedule, provide visits to new agencies to review their accounting systems and offers technical assistance, and will conduct a review of the agency's grant accounting and documentation in the event of an issue or problem.

Each contract details the requirements for the project to ensure that projects are CDBG eligible and have clear performance expectations. Contract managers maintain contact with the agencies throughout the project period, and visit sites as needed to meet with those managing the programs and/or clients being served.

XVIII) HOME Investment Partnerships

The City uses HOME funds to provide for affordable multifamily rental production and stabilization and new housing production for qualified income first-time homeowners.

New housing production is produced through the Home Ownership Works program. All properties acquired/donated for this program are vacant and/or boarded. After renovation repairs are complete, an after rehab appraisal is ordered to establish the sales price. Properties have resale restrictions placed on them. Historically, CPED has concentrated on foreclosed properties offered by the federal government and privately offered properties in need of extensive renovation, such as condemned structures for inclusion in the Home Ownership Works program.

The Home Ownership Works program targets low- and moderate-income persons and their families for home ownership. However, the minimal number of properties purchased recently for renovation reflects the general real estate market in the city. Low interest rates combined with increasing purchase prices have severely reduced acquisition activity. While the market for homes in this program has been reduced, it is anticipated that this trend will moderate within the near future if interest rates begin to rise.

Prior to properties being held open to the public, CPED-contracted marketing agents mail out information to their mailing lists. In addition, properties are advertised for sale in various community newspapers as well as the *Minneapolis Star Tribune* and marketing signs on the property. Open houses are held allowing prospective buyers a review of the home interiors. All buyers are given the option of being represented by their choice of agent, who is paid by seller at time of closing. All interested in purchasing a property may submit purchase offers with accompanying documentation by a specified date. When multiple offers are received, an impartial in-house lottery is used to rank order offers.

Due to the volume of multiple offers and to assist larger households, properties with 4 bedrooms are sold to purchasers comprised of two or more persons and properties with 5 or more bedrooms are sold to purchasers comprised of three or more persons. All properties are sold to first-time low-to-moderate income purchasers who are required to owner occupy the dwelling as their principal residence. All purchasers are required to complete a certified homeownership-counseling course before closing. In addition, all homebuyers are provided with a post-purchase manual at closing and given information about a hands-on post-purchase workshop offered throughout the year through Neighborhood Housing Services of Minneapolis. These workshops provide new homeowners with basic household and fall maintenance tips along with cost saving energy tips.

Affordable rental units developed with HOME funds are subject to ongoing compliance which includes monitoring income requirements, rent requirements, on-site inspections of unit conditions, and affirmative marketing by the owner/manager. These monitoring visits are performed by CPED Housing staff and coordinated with MHFA and Hennepin County agencies when other public funding is involved such as low income housing tax credits. The following table summarizes inspection results for past program year.

2006 Program Year HOME Compliance Monitoring

Inspection Type	Number of Inspections	Number of Projects found in non-compliance and being followed up by CPED staff
Unit conditions	37	6 minor deficiencies (3 projects doing planned major repair work)
Rent/Income Compliance	60	13 non-compliant (6 have new management who are late submitting reports) (2 out of service for repair/foreclosure settling) (5 have rent or income overage to adjust)
Affirmative Marketing	60	Zero noncompliant

Affirmative marketing actions and outreach to minority- and women-owned businesses continue to be performed in a satisfactory manner. It indicates continued good work on the parts of owners to affirmatively market available units. IDIS reports for FY 2006 indicate that 57 percent of developed units are occupied by minority households. The HOME Annual Performance Report in the Appendix documents affirmative contracting information for program year 2006.

HOME Disbursements and Unit Completions	Disbursed Amount	Units Completed	Units Occupied
Rentals	\$ 1,663,879	49	49
First-Time Homebuyers	\$ 170,979	25	25

XIX) Appendix

The Appendix contains various supplemental reports made available from HUD IDIS system as well as other items mentioned in the CAPER which provide additional information on performance aspects to the 2005-09 Five-Year and 2006 Consolidated Plan. The IDIS reports provide additional detail on specific Consolidated Plan project activities such as annual and cumulative accomplishments since the activity was set up in the IDIS system (may be as early as 1997) as well as financial information of funding that has been requested of HUD for each activity. Accomplishment data is cumulative since the City converted to IDIS in 1997 and may not necessarily be specific to the 2006 Program Year.

City of Minneapolis
350 South 5th Street
Minneapolis, MN 55415

Dear Mr. Bower,

The following are my comments on the City of Minneapolis FY 2006 CAPER.

General Comments:

Elim Transitional Housing Inc. serves about 6,000 people at risk or experiencing homelessness/year throughout the metro area. Over 60% are from the City of Minneapolis and Hennepin County. We spend about \$1.8 Million/year of our budget serving people in the City of Minneapolis and Hennepin who are at risk or experiencing homelessness.

Elim Transitional Housing has commented throughout the last three decades on City of Minneapolis plans with regard to the use of funding, demolition of units, and my staff and I have sat on multiple task forces and Advisory Committees. Many of my specific comments will be the same as in previous years.

The Heading Home Hennepin plan's success is directly correlated to the resources being committed to implement the plan. Please indicate what resources in 2006 were directed at completing the goals of the plan that was approved by The City of Minneapolis and Hennepin County in 2006.

Specific Comments:

1. Pages 5-7: While the narrative recognizes the data and need of people with limited incomes and the need for housing at the lowest incomes, it does not appear that the City's use of the Federal resources for housing significantly addressed this need in 2006. The work of the Minneapolis/ Hennepin County Commission to End Homelessness also indicated that full funding will be the largest impediment to implementation of the plan of the Heading Home Hennepin Plan. How will this be addressed in future Consolidated Plans?

2. Recognizing the good work many of the projects, listed under public service are and have been doing for years, I will focus my comments on six areas:

a. ESG Funds: The City of Minneapolis continues to utilize these funds for Capital only in 2006. The funds were utilized for capital costs for Emergency Shelters and Transitional Housing. While obviously, buildings must be safe, the same amount of funds would serve between 500-1000 households (youth, singles, families) based

8/29/2007

on our work with the Hennepin County FHPAP program. In addition to funding capital costs-ESG may be used for prevention, outreach, operation and services at a shelter and for transitional housing subsidies- all identified in the 10 year plan to end homelessness.

b. HOME Funds again were not utilized for tenant based subsidies in 2006. Elim has utilized HOME funds for tenant based subsidies in Anoka County since 1994 in coordination with FHPAP, DHS Transitional Housing and private resources for individuals, youth, families at risk or experiencing homelessness. We request again that the City of Minneapolis makes this an eligible use and prioritizes 25% of HOME funds for tenant based rent subsidies in the development of future plans..

c. Vacant /Boarded/ Distressed Housing: The City of Minneapolis consistently utilizes these funds to board housing, tear down units and sell the property for redevelopment with no requirement for long term use of the property as affordable housing. I recommend that if the City utilizes these funds for this purpose, that the lots are sold for \$1 and that a Deed Restriction is placed on the Property for 30 years which requires that it be available for rent or ownership to people with incomes below 30% of median and that the assessed value will only increase 1% per year.

d. Please identify from the Five Year Consolidated Plan goals on page 28 how many units were rehabilitated and how many were new/positive Conversion, for each income category, were completed in 2006. I believe I would have to review each project to come up the number of units. To assist with Citizen Participation and understanding of progress on the goals it would be helpful to do this chart with each CAPER.

e. Please identify how many jobs were created in 2006 by each project listed, the pay level, and how many people moved out of poverty due to funding these economic development projects.

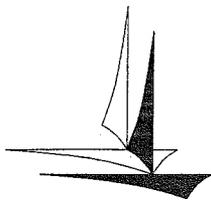

f. The City of Minneapolis continued to utilize a significant amount of Federal Funds for Administration in 2006. We recommend utilizing some of those funds to serve people experiencing homelessness and for housing for people below 30% median income in future years.

Thank you for the opportunity to comment.

Sincerely,

Sue Watlov Phillips, M.A.
Executive Director

Sue Watlov Phillips
Elim Transitional Housing
3989 Central Ave NE, Suite 565
Minneapolis, MN 55421

Dear Ms. Watlov Phillips:

Thank you for your input to the City's 2006 Consolidated Annual Performance Report with your letter of August 29, 2007. This office appreciates the constructive input provided by you and others to the Consolidated Plan process. Thank you for your comments.

In response to the items you've raised in your letter, please note the following comments by this office to your outlined points.

1. (Homelessness) Throughout the CAPER it is noted how the City continues to work with local partners in meeting goals on behalf of those suffering homelessness. The City funds activities addressing homelessness at levels commensurate to the level of funding received for ESG and HOPWA, as well as use of CDBG and HOME funds for projects that provide housing opportunities for those earning less than 30% and 50% median income. Throughout this document, note, housing opportunities, and new transitional and supportive housing options are explained. Refer, to Table 3A on page 21 for a summary of specific performance indicators and housing accomplishments for each year of the 5-year plan – homelessness program expenditures and outcomes, as well as all program outcomes are detailed. The Affordable Housing Trust Fund continues to be the city's delivery mechanism for new rental housing opportunities at eligible income levels. Funded options that directly support implementation steps of Heading Home Hennepin will arise out of developer interest expressed through the Affordable Housing Trust Fund. The City's housing policy goal is 50% of all affordable housing trust funds go to units serving those below 30% of median income. For example, over the past two calendar years the City has produced 347 new rental housing units at the 30% median income level.

2.a. (ESG funding) In the report from Heading Home Hennepin, the first recommendation for Goal Six: Implement System Improvements is: to improve effectiveness of current shelter system. Capital funds from the City's ESG allocation are designated for renovation of existing emergency and transitional housing. The City anticipates that such funds will continue to preserve the number of beds available to meet these immediate housing needs. Last calendar year, the City renovated shelters containing 199 beds. While other uses are permissible under ESG, the current proposed allocation is consistent with past use and current city housing policy.

2.b. (HOME funding) Due to the cost of overhead connected to administration of a startup and ongoing tenant based subsidy program, as well as a history of decreasing federal funding likely to lead to attrition of such subsidy slots, the City Council, consistent with past policy, finances the capital costs of transitional/supportive-housing units. The City attempts to coordinate these capital investments with the public housing authority's ability to issue project-based housing vouchers.

2.c. (Vacant/Boarded/Distressed Housing) As we referred to in our response to your similar comment on this issue for the 2007 Consolidated Plan, this office would entertain more detail on your deed restriction proposal suggested regarding vacant and boarded housing. As stated in our previous response, the concept appears to involve a 30-year monitoring/enforcement commitment per parcel, with no identified revenue to fund it. Other concerns would be that the proposal would result in a substantial loss of property tax revenue (assessed values have been increasing, on the average, of 12% annually) over 30 years, money which could fund other housing opportunities for very low-income persons. Another perceived problem with this proposal is that the City does not gain title to most properties that are demolished, so there is no ability to add conditions to the title. In the redevelopment of parcels the City does obtain title to, City redevelopment policy currently gives a public good priority to affordable housing. However, if no affordable housing redevelopment proposal for a particular parcel comes forth, the City is inclined to sell for highest and best use of property.

2.d. The rehabilitated and new/conversion rental properties identified in table on page 28, about which you inquire in your letter, is expanded by income category in each of the following sections after page 28.

2.e. (Jobs/Economic Development) All of the job creation programs target low-income persons and require payment of a living wage. In support of moving people out of poverty, the Industry Cluster and Adult Training, Placement, and Retention projects only reimburse on a performance basis, requiring at least a six-month employment retention period. Additionally, Community Economic Development Fund/Neighborhood Economic Development Fund projects and Child-care Facilities Loan/Grants are targeted towards small business/community-based organization assistance.

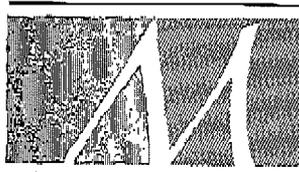

2.f. (Federal funding for administration) Please note, that your reference to administrative funds the City of Minneapolis budgets and expends in the development and implementation of Consolidated Plan programs, is not only for administration, but for planning *and* administrative costs. Some funding marked as administration in our budget by HUD rules, is often actually service program related funding, such as housing advocacy, and housing enforcement.

Thank you for your comments, please let me know of any questions (612-673-2188), or alternatively, I certainly would welcome a meeting with you to discuss Consolidated Plan issues.

Sincerely,

Matt Bower, Project Coordinator

Re: Consolidated Annual Performance and Evaluation Report

Dear Mr. Bower:

Please accept this letter as public comment from the Metropolitan Area Agency on Aging (MAAA), the state designated area agency on aging for the seven county metropolitan region, to the Community Development Committee of the Minneapolis City Council.

Minnesota's population is aging. By 2020, there will be more people over the age of 60 than children in school. In 2030, 1 in 4 people in Minnesota will be older than 65. However, between the 1990 and 2000 Censuses Minneapolis experienced a significant loss of 25.7% in the number older citizens. Older citizens are assets to the community and are often eager and stable partners in housing and community development.

MAAA supports additional resources designed to meet the independent living needs of older adults in Minneapolis. Minneapolis can prioritize Community Development Block Grants to support home and community based services. For example, in 2006 chore providers provided over 26,000 hours of home maintenance and repair projects in Minneapolis. Minneapolis chore projects provide services to low-income and frail seniors who may be faced with stringent city housing inspections. Due to financial limitations or physical frailties seniors often are not able to comply with results of inspections on their own.

MAAA believes that the City of Minneapolis should not only work to create "housing units for special needs populations" (CAPER p. 37) but also increase funding for services designed to assist special needs populations to maintain their homes.

2365 N. McKnight Rd. | North St. Paul, MN 55109

Phone: 651-641-8612 • Fax: 651-641-8618 • Senior LinkAgeLine®: 1-800-333-2433

Email: maaa@tcaging.org | Website: www.tcaging.org

Helping Elders Age Successfully in the Counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington

Further, MAAA supports Minneapolis' initiative to "ensure quality design and amenities of housing as well as quality management and supportive services" (CAPER p. 38) targeted specifically at frail and elderly individuals.

Minneapolis' initiatives and funding that support older citizens living in the community and prepare for the aging of the baby boom generation are vital.

MAAA is available to answer any questions regarding services for older adults in the City of Minneapolis. Please contact Rajean Moone, Special Projects Coordinator at 651-917-4633 or at rajeam@tcaging.org.

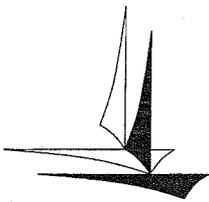

We appreciate the thoughtful planning of the Committee, City Council, and staff in their efforts to help Minneapolis seniors age successfully.

Sincerely,

Dawn Simonson

Dawn Simonson
Metropolitan Area Agency on Aging
2365 North McKnight Road
North St. Paul, MN 55109

Dear Ms. Simonson:

Thank you for your input to the City's 2006 Consolidated Annual Performance Report with your letter of August 29, 2007. This office appreciates the constructive input provided by you and others to the Consolidated Plan process. The intent of the public hearing and comment process is to bring to the City's attention community opinions on the Consolidated Plan.

The City continues to work with local partners to meet goals you have addressed, and reported in the CAPER. In areas of public services and public facilities, the City still seeks to address its priority areas. Over the past few years the City supported public service activities to support key city public service initiative priorities laid out by the City's Public Health Advisory Committee. Annually the City budgets the maximum of 15 percent of its CDBG grant for public services, allowing these community-based programs to assist the City in meeting the needs of its low-income residents. In 2006, the Senior Block Nurse Program provided 558 seniors greater independence in their homes by providing home health visits, and preventative care through 3 programs.

The Affordable Housing Trust Fund continues to be the city's delivery mechanism through which the City Council implements its housing priorities. Through the Affordable Housing Trust Fund, the City has been creative in using its CDBG and HOME resources to play a role in the development of special needs housing. The funded program efforts to meet special needs of older adults are identified as priorities, and funded options, such as St. Anne's development directly support senior housing. The City continues to support development of these housing developments, as well as public service programs, to address special needs for low income persons in our community.

Again, thank you for your comments and please let me know of any questions (612-673-2188).

Sincerely,

Matt Bower, Project Coordinator

OMB Approval No. 2506-0171
(exp. 05/31/2007)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31. Send one copy to the appropriate HUD Field Office and one copy to: HOME Program, Rm 7176, 451 7th Street, S.W., Washington D.C. 20410	This report is for period (mm/dd/yyyy)		Date Submitted (mm/dd/yyyy)
	Starting	Ending	

Part I Participant Identification

1. Participant Number	2. Participant Name		
3. Name of Person completing this report		4. Phone Number (Include Area Code)	
5. Address	6. City	7. State	8. Zip Code

Part II Program Income

Enter the following program income amounts for the reporting period: in block 1, enter the balance on hand at the beginning; in block 2, enter the amount generated; in block 3, enter the amount expended; and in block 4, enter the amount for Tenant-Based rental Assistance.

1. Balance on hand at Beginning of Reporting Period	2. Amount received during Reporting Period	3. Total amount expended during Reporting Period	4. Amount expended for Tenant-Based Rental Assistance	5. Balance on hand at end of Reporting Period (1 + 2 - 3) = 5
---	--	--	---	---

Part III Minority Business Enterprises (MBE) and Women Business Enterprises (WBE)

In the table below, indicate the number and dollar value of contracts for HOME projects completed during the reporting period.

	a. Total	Minority Business Enterprises (MBE)			f. White Non-Hispanic

Housing Opportunities for Persons With AIDS (HOPWA) Program

Consolidated Annual Performance and Evaluation Report (CAPER)

Measuring Performance Outcomes

OMB Number 2506-0133 Expiration Date 07/31/2007

This report is for use by HOPWA formula grantees to provide for annual information on the accomplishments of the projects in providing housing assistance for low-income persons living with HIV/AIDS and their families. This information is also covered under the Consolidated Plan Management Process (CPMP) report, which includes Narrative Responses and Performance Charts on information that grantees must provide under the Consolidated Planning Regulations. The public reporting burden for the collection of information is estimated to average 36 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 72 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number

HOPWA Formula Grantee Annual Reporting – Measuring Performance Outcomes in the CAPER Narrative and Charts

(OMB Number 2506-0133 Expiration Date 07/31/2007)

Overview

In this Consolidated Annual Performance and Evaluation Report (CAPER) edition, the U.S. Department of Housing and Urban Development is emphasizing grantee performance and the use of client outcome measures in demonstrating program effectiveness. Toward this end, the HOPWA CAPER elements for formula grant recipients have been revised to incorporate new performance measure reporting requirements. These are designed to help grantees and project sponsors aggregate results from the use of HOPWA resources: (1) to provide housing assistance as the new annual output measure; and (2) to collect client information demonstrating the outcome for improved housing stability for this special needs population.

HOPWA grantees must submit a CAPER on the activities undertaken during the program year in coordination with the use of the other Consolidated Plan resources. In addition to the integration of this information in the standard report, HOPWA specific information is discussed in this form, along with the HOPWA summary data charts. HOPWA grantees are required to use the Integrated Disbursement Information System (IDIS) to provide complete annual performance information on the use of program and other funds. HUD uses the CAPER and IDIS data to obtain essential information on grant activities, project sponsors, housing sites and related number of units of housing, along with information on HOPWA beneficiaries (which must include racial and ethnic data on program participants). Such information is used for program monitoring and evaluation purposes and for reporting on accomplishments. CAPER data must reflect a summary of the performance data that is entered into IDIS for that same program year, for example, on the HOPWA activities reported under the program's series 31 matrix codes.

Instructions: Within 90 days after the end of each program year, the information in this package must be submitted to the CPD director in the grantee's State or Area HUD Office, with one copy submitted to the HOPWA Program Office, Office of HIV/AIDS Housing, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW Washington, D.C. 20410.

To report progress under these general and HOPWA specific requirements, the grantee may integrate the HOPWA elements in their standard CAPER report or establish a HOPWA-specific narrative by completing the following information. These elements are also found in the optional Consolidated Plan Management Process tool (CPMP), which is available for use in planning and reporting on Consolidated Plan activities:

Part 1: HOPWA Executive Summary. Provide an executive summary (1-3 pages) and a specific objectives narrative which address the following:

A. Grantee and Community Overview (Web summary).

A brief description of the grant organization, the area of service, the name of program contact(s), and a broad overview of the range/type of housing activities, along with information on each sponsor by name, main project site by zip code and related organization information.

B. Annual Performance under the Action Plan.

1. Report on the actions taken during the year that addressed the special needs of persons who are not homeless but require supportive housing, and assistance for persons who are homeless.

2. Evaluate the progress in meeting the project's objectives for providing affordable housing, including a comparison of actual outputs and outcomes to proposed goals and progress made on the other planned actions indicated in the strategic and action plans. The evaluation can address any related program adjustments or future plans.

3. Include any assessment of client outcomes for achieving housing stability, reduced risks of homelessness and improved access to care.

4. Report on the use of committed leveraging from other public and private resources that helped to address needs identified in the plan. Report the number of stewardship units of housing which have been created through acquisition, rehabilitation or new construction with any HOPWA funds.

5. Describe any other accomplishments recognized in the community due to the use of HOPWA funds, including any projects in developmental stages that are not operational.

6. Provide an analysis of the extent to which HOPWA funds were distributed among different categories of housing needs consistent with the geographic distribution plans identified in its approved Consolidated Plan.

C. Barriers or Trends Overview.

1. Describe any barriers (including non-regulatory) encountered, actions in response to barriers, and recommendations for program improvement.

2. Describe any expected trends facing the community in meeting the needs of persons living with HIV/AIDS, and provide any other information important in providing services to persons with HIV/AIDS.

3. Note any evaluation, studies, or other assessments of the HOPWA program available to the public.

Part 2: Accomplishment Data – (Web summary information).

1. Complete and submit CAPER Performance Chart 1 Planned Goals and Chart 2 Actual Performance;

2. Complete and submit CAPER Performance Chart 3 Housing Stability Outcomes.

Note: in connection with this CAPER, similar information must be entered and submitted in IDIS. Use the IDIS MA04 screen actual accomplishment data to compare results with proposed accomplishment data for (1) all active HOPWA activities and (2) activities completed in the most recent program year; and enter and submit into the related HOPWA accomplishment IDIS screens accomplishment data for (1) each active HOPWA activity and (2) activities completed in the most recent program year.

CAPER Explanation: The attached charts are to be used in connection with the grantee narrative and performance assessment portion of the CAPER. Under that annual report, grantees address their actions and report on performance with the use of federal and other funds during the operating year. Grantees of HOPWA funding are required in the CAPER's narrative to explain how the HOPWA-related activities address strategic plan objectives and to evaluate progress in providing affordable housing and addressing

the needs of homeless persons and the special needs of persons that are not homeless but require supportive housing, including persons living with HIV/AIDS and their families. Grantees must complete and submit the attached charts as required under the Part 2: Accomplishment Data section.

Performance Charts 1 Planned Goals and 2 Actual Performance are integrated and will help illustrate progress in leveraging resources by providing a means to report on the grantee's progress in obtaining "other" public and private resources that address needs identified in the plan. The HOPWA section of the CAPER also requires that grantees provide a narrative with information on what other resources were used in conjunction with HOPWA-funded activities. These charts provide a method to illustrate this use of other resources in addressing the housing needs of persons living with HIV/AIDS and their families and the supportive services provided.

Performance Chart 3 uses client outcome measures to demonstrate program effectiveness. The HOPWA program's overall outcome is that assisted households have been enabled to better maintain a stable living environment in housing that is safe, decent, and sanitary, and to reduce the risks of homelessness, and improve access to HIV treatment and other health care increases through the use of annual resources with the goal that this reaches 80 percent by 2008.

Goal is the planned scope of the HOPWA activity and related program budget measuring the number of households to be assisted or units of housing in facilities, along with its funding.

Actual is the performance accomplished during the grantee operating year, including activities undertaken by all project sponsors using HOPWA funds under this program.

Non-Facility based Housing Assistance: All HOPWA Housing expenditures for the current operating year to support tenant-based rental assistance or short-term, rent, mortgage, and utility assistance.

Tenant-based Rental Assistance (TBRA) means a form of on-going rental housing subsidy for the individual or household, such as tenant-based rental assistance payments or other units that may be leased by the client, in which the amount is determined based in part on household incomes and rent costs. Project-based costs should be counted in the operation costs category.

Short-term Rent, Mortgage and Utility payments (STRMU) means a limited subsidy or payments subject to the limited time period to prevent the homelessness of a household (e.g., HOPWA short-term rent, mortgage and utility payments within a 21 week period).

Facility-based Housing Assistance: All HOPWA Housing expenditures for the current operating year to support facilities including community residences, SRO dwellings, short-term or transitional facilities, project-based units, master leased units, and other housing facilities approved by HUD, and supportive services only facilities.

Units in facilities supported with operating costs means the facility units and costs for leasing, maintaining or operating the housing facility, such as a community residence, SRO dwelling or other multi-unit dwelling; transitional housing, project-based rental assistance and leasing costs should be counted in this category as well as costs for minor repairs or other maintenance costs, costs for security, operations, insurance, utilities, furnishings, equipment, supplies, other incidental costs in providing housing to clients in these units. Supportive service costs associated with counseling programs, skills development, etc. should **not** be counted as

housing costs. (These costs are captured under supportive service costs.)

Units in facilities developed with capital costs and placed in service during the program year means units and costs for the development or renovation of a housing facility, such as a community residence, SRO dwelling or other multi-unit dwelling, in which costs for acquisition of the unit, new construction or conversion, substantial or non-substantial rehabilitation of the unit were expended during the period and the number of units reported were used by clients for some part of this period.

Units in facilities being developed with capital costs but not yet opened means units and costs for the development or renovation of a housing facility were expended during the period BUT the units were still in development and not yet used by clients during the period. Please do not report "planned" units for which no capital costs or related pre-development costs were incurred.

Stewardship Units means those units developed with HOPWA but no longer have current operation or other housing costs. Report information as the units remain subject to the three- or ten-year use agreements.

Housing Assistance Total means the non-duplicated number of households receiving housing subsidies and the units of housing in facilities that were dedicated to persons living with HIV/AIDS and their families that were supported with HOPWA or other funds during this operating year.

Amount of Non-HOPWA Funds means the amount of funds that were expended during the reporting period from non-HOPWA sources that are under the control of the Grantee or sponsors in dedicating assistance to this client population. Please only count other leveraged funds or other assistance that is directly connected to the HOPWA or community HIV/AIDS housing program in providing housing assistance or other support or services, to the degree that this practicable.

TOTAL by type of housing assistance/services means the non-duplicated number of units of housing (by type of housing) that were dedicated to persons living with HIV/AIDS and their families or services provided and that were supported with HOPWA and other funds, during this operating year.

Output Assessed: The number of units of housing or households that receive HOPWA housing assistance during the operating year.

Outcome Assessed: The HOPWA-assisted households who have been enabled to establish or better maintain a stable living environment in housing that is safe, decent, and sanitary, and to reduce the risks of homelessness, and improve access to HIV treatment and other health care increases through the use of annual resources with the goal that this is achieved for at least 80 percent of clients by 2008.

Grassroots organization: The term grassroots organization means the organization is headquartered in the local community where it provides services; it has a social services budget of \$300,000 or less annually; and it has six or fewer full-time equivalent employees. Local affiliates of national or larger organizations are not considered "grassroots."

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including reasonable costs for security deposits not to exceed two months of rent costs.

PART 1-A. Executive Summary.

Please provide a 1-3 page narrative that includes major initiatives and highlights that were proposed and executed throughout the first year. Also list the project sponsors, and their primary HOPWA project location by zip code. Check other information below if applicable.

Program Year 1 CAPER Executive Summary:

Executive Summary

Grantee and Community Profile

In 1994, the Minnesota Department of Health (MDH) received funding for housing for people living with AIDS statewide. During that time, a comprehensive needs assessment and five-year plan for HIV/AIDS housing was completed. The Coalition for Housing for People with HIV (now referred to as Minnesota HIV Housing Coalition) was designated as the advisory group to assist MDH in the distribution and expenditure of HOPWA funds.

In 1995, the number of AIDS cases for the Twin Cities metropolitan area surpassed the threshold and the City of Minneapolis, the metropolitan area's largest municipality, became the designated HOPWA grantee. MDH remained a separate recipient of a much smaller HOPWA grant for state-wide distribution. The City of Minneapolis receives the annual HOPWA formula allocation as part of its annual Consolidated Plan process and is restricted to the thirteen county Eligible Metropolitan Area (EMA). The EMA includes 11 Minnesota Counties: Anoka, Carver, Chisago, Dakota, Hennepin, Isanti, Ramsey, Scott, Sherburne, Washington, Wright, and 2 Wisconsin counties: St. Croix, and Pierce.

In order to continually ensure that the grant is distributed throughout the metropolitan area, the City of Minneapolis has designated a third-party administrator, Spectrum, a division of Resource, Inc., to manage and monitor the HOPWA grant and the current Subrecipient program sponsors: Minnesota AIDS Project (MAP) transitional housing program, and Metropolitan Council Housing & Redevelopment Authority housing assistance program.

The majority of current HOPWA resources are used for the provision of tenant-based rental assistance, and client advocacy and case management services. The Metropolitan Council HRA and Minnesota AIDS Project sponsor these activities. Periodically, HOPWA entitlement funding has also been provided for capital projects.

(continued on next page)

(Grantee and Community Profile continued)

The program design for the HOPWA assistance has been effective for meeting the housing needs of families and persons with HIV/AIDS. This population's need to obtain or keep affordable housing is great. Stable housing situations are often second to health care in importance for this population. The Minnesota AIDS Project and Metropolitan Council HRA work to offer continued rental assistance to persons with HIV/AIDS when they expire their time limits in the transitional program.

HOPWA funding for the Minnesota AIDS Project's THP project provides a temporary subsidy of up to six months for individuals and up to 24 months for families with children. These clients who still require housing assistance at the end of the transitional term, then are placed with the Metropolitan Council HRA Housing Assistance Program, a longer-term subsidy arrangement, or obtain public housing voucher assistance. The strategy addresses the recommendation of the Minneapolis-St. Paul Family Housing Fund's research that time limits for transitional program participation be eased due to complexities for conditions faced by clients and the tight rental market that makes it difficult for clients to secure permanent housing.

For the first ten years of HOPWA funding, through 2004, the Minneapolis EMA has distributed over \$4.5 million of HOPWA funds serving over 1100 eligible persons/households with tenant-based housing assistance and supportive services. Additionally, over \$2.2 million of HOPWA funding has been used to support capital improvements and new construction for eligible facilities.

General Project Sponsor Information (for each project sponsor):

Project Sponsor (1) Agency Name	Minnesota Aids Project		
Name & Title of Contact at Project Sponsor Agency	Gayle Caruso, Associate Director of Social Services

1-B. Program Year 1 CAPER Specific HOPWA Objectives -- Annual Performance under the Action Plan:

HOPWA funding priorities are determined by the Minnesota HIV Housing Coalition are an ongoing basis. The City contracts with Spectrum Community Mental Health to administer and monitor HOPWA project sponsors in order to ensure the grant is distributed throughout the metropolitan area. Overall, needs are determined by funding allocations at comparable levels to existing programs, and by how priorities are identified through applications in response to the City's HOPWA funding request for proposal (RFP) process. The sponsor Subrecipient relationship with Minnesota Aids Project (MAP) provides housing and intake services, and the Metropolitan Council Housing Redevelopment Authority (Metro HRA) assists program participants secure long term housing and stable living environments. The two program sponsors estimated a combined total of 110 households benefiting through the HOPWA housing assistance programs. During the program year, from June 1, 2006 to May 31, 2007 HOPWA funds provided services to 128 households with an HIV+ person. In the 2006 program year, MAP's Transitional Housing program (THP) exceeded the projected and contracted number of 50 households for this funding cycle. Referrals provided continued access to support services with MAP, and provided housing vouchers to find preferred living arrangements. THP clients enter the program through referrals from metro HIV Case Managers. Since THP operates to full capacity at all times, a waiting list for those referrals is maintained. THP is not a facility, but scattered site housing program. Clients find housing in the community where they want to live, and improved access to services is accomplished through access to the AIDS-line service connections as well as the HRA's partnership with the AIDS-line and MAP to provide solutions to client issues not pertaining directly to housing. Housing Quality Standards inspections

(continued on next page)

(1-B continued)

conducted by the HRA insure housing is safe, decent, and sanitary. At the end of the reporting period, Metro HRA was assisting 45 households – 97 individuals reside in these households. All households were encouraged to transition to Section 8 or other permanent housing which is the reason for the reduced number of assisted households at the end of the grant. Housing Specialists work with their clients to implement permanent housing options; this may be using the time in THP to get education/training for a future job, taking time to look for work or applying for social security and also applying for as many subsidized housing options as possible. There were 48 households exiting the THP program this last year. Out of the 48 households 40 households had obtained a permanent subsidy. These permanent subsidies along with the housing education that they receive while in the THP program help reduce their risk of future homelessness and help them improve access and utilization of health care. In the last calendar year we found that 100% of our clients discharged (that we were able to locate) did not need to use homeless shelters and were not evicted from housing at 12 months of being discharged from the program. Clients work in conjunction with an assigned HIV case manager, and the HIV case manager will coordinate in home support services when ever necessary. This includes medical, accessibility issue, medication adherence difficulties and many other special needs. This is the procedure for both clients who are homeless or at risk of being homeless. MAP used \$201,873.00 in leveraged funds this last year. This money was used for THP rent subsidies in the Twin Cities and program staffing costs. This assisted in serving more individuals and provided education for clients on tenant rights and responsibilities.

1-C. Program Year 1 CAPER Specific HOPWA Objectives -- Barriers or Trends Overview:

Housing availability continues to be the major barrier to persons living with HIV/AIDS. Additionally, a long term trend that creates a significant barrier to sponsors' efforts to provide housing needs to persons with HIV/AIDS is the continuation of clients having extensive legal histories. This has caused clients difficulty in obtaining safe and affordable housing. Our sponsors overcome this trend to the extent it can by fostering relationships with landlords in the community, which assists us in finding housing for those clients with extensive legal histories. The City of Minneapolis encourages the rehabilitation of criminal offenders for its part within the HOPWA metropolitan area. In December 2006 city council adopted a resolution to ensure that the hiring practices of the city do not discriminate against or unreasonably deny individuals with criminal history records for employment and encourages the rehabilitation of criminal offenders. The city seeks to assist the rehabilitate criminal offenders and encourage their successful reintegration into the community, including employment, housing, education and eligibility from many forms of social service benefits. In addition, the City is in compliance with State legislation encouraging and contributing to the rehabilitation of criminal offenders for their resumption of the responsibilities of citizenship. The city's contractual relationship with Subrecipients and contractors, including HOPWA grant program sponsors, works to the benefit of persons with legal issues to obtain living arrangements through the housing assistance process.

Recommendations;

Continue to allocate HOPWA funding for tenant-based housing subsidies. These subsidies play a key role in helping a large number of HIV+ persons to obtain and ultimately maintain stable housing. The housing first approach helps these households to establish themselves and get a stable place to live. Since these funds offer flexibility in their use, clients can choose to live in neighborhoods, which work for them and accommodate their needs, such as medical care, transportation, school, work and more.

Once stabilized in an apartment, housing specialists work and plan for more permanent solutions, HOPWA funds buy tenants time to work on these goals and stability to receive needed medical care, apply for work or social security and get assistance with many more services needed to establish permanent housing.

PART 2: Accomplishments Data - CAPER Chart 1 (planned goal) and Chart 2 (actual)

Instructions: Please enter the performance information for all activities during the operating year in the following chart. Generally, the grantee's operating year and Consolidated Plan year are the same. Output performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local and private funds for the purposes of providing housing assistance or residential support to persons living with HIV/AIDS and their families. Note that the number of households reported, receiving support from HOPWA funds must be the same as reported in the annual year-end IDIS data.

				Outputs Households				Funding		
				HOPWA Assistance		Non-HOPWA

11. Permanent Housing Placement Services							
Total Housing Placement Assistance							
Housing Development, Administration, and Management Services							
12. Resource Identification to establish, coordinate and develop housing assistance resources							
13. Grantee Administration (maximum 3% of total) (i.e., costs for general management, oversight, coordination, evaluation, and reporting)					24,870	22,401	
14. Project Sponsor Administration (maximum 7% of total) (i.e., costs for general management, oversight, coordination, evaluation, and reporting)					56,290	53,668	
Total costs for program year					829,000	789,106	

1. Supportive Services in conjunction with HOPWA Housing Assistance: if money is spent on case management and employment training, outcomes must be reported in Access to Care and Support (See Chart 4-a).
2. Supportive Services NOT in conjunction with HOPWA Housing Assistance: if money is spent on case management and employment training, outcomes must be reported in Access to Care and Support (See Chart 4 -c.).
3. Housing Placement Activities: if money is spent on housing placement activities in conjunction with HOPWA Housing Assistance, outcomes must be reported in Access to Care and Support (See Chart 4-a); if not in conjunction with HOPWA Housing Assistance, outcomes must be reported in Access to Care and Support (See Chart 4-c).

3. Instructions on HOPWA CAPER Chart 3 on Measuring Housing Stability Outcomes:

Please enter in column 1 the total number of eligible households that received the types of housing assistance specified. In column 2, enter the number of eligible households continuing to participate in each specified type of assistance (which might involve a temporary absence of not more than 90 days for treatment purposes, with an intent to return). In column 3, enter the number of households within each specified type of housing assistance who left the program during the program year by destination. If a household fractured during the program year, report only on the destination of the individual that made the household HOPWA eligible. Please refer to the destination codes that appear below this table for reviewing the stability housing outcomes.

Type of Housing Assistance	[1] Total Number of Households Receiving HOPWA Assistance	[2] Number of Households Continuing	[3] Number of Exited Households Component and Destination

4. HOPWA Outcomes on Access to Care and Support.

a. Support in conjunction with HOPWA-funded Housing Assistance. Please report on the access to care and support for households receiving case management, employment training, and/or housing placement assistance (ONLY) that is in conjunction with HOPWA-funded housing assistance only (See Part 2, item 8-i, 10 and 11). Report on the household status at program entry (or beginning of operating year for households continuing from previous year) and program exit (or end of operating year for households continuing services in the following operating year), if eligible individual living with HIV/AIDS accessed services.

Category of Services Accessed	Number of Households receiving HOPWA Housing Assistance		Number of jobs that included health benefits
	At Entry or Continuing	At Exit or Continuing	
i. Has a housing plan for maintaining or establishing stable on-going residency			
ii. Had contact with a case manager/benefit counselor at least once in the last three months (or consistent with the schedule specified in their individualized service plan)			
iii. Had contact with a primary health care provider at least once in the last three months (or consistent with the schedule specified in their individualized service plan)			
iv. Had medical insurance coverage or medical assistance			
v. Obtained an income-producing job created by this project sponsor during the year			
vi. Obtained an income-producing job outside this agency during the year			

b. Income. Report the household monthly income of households receiving case management, employment training, and/or housing placement assistance (ONLY) that is in conjunction with HOPWA-funded housing assistance (See Chart 2, box 9 i).

	A. Monthly Household Income at Entry or Residents continuing from prior Year End	Number of Households
i.	No income	35
ii.	\$1-150	7
iii.	\$151 - \$250	15
iv.	\$251- \$500	21
v.	\$501 - \$1,000	77
vi.	\$1001- \$1500	18
vii.	\$1501- \$2000	5
viii.	\$2001 +	2

	B. Monthly Household Income at Exit/End of Year	Number of Households
i.	No income	47
ii.	\$1-150	5
iii.	\$151 - \$250	12
iv.	\$251- \$500	19
v.	\$501 - \$1,000	75
vi.	\$1001- \$1500	15
vii.	\$1501- \$2000	4
viii.	\$2001 +	3

C. Support NOT in conjunction with HOPWA-funded Housing Assistance. Please report on the access to care and support only for households receiving case management, employment training, and/or housing placement assistance (ONLY) that is not in conjunction with HOPWA-funded housing assistance (See Part 2, item 8-ii, 10 and 11). Report on the household status at program entry (or beginning of operating year for households continuing from previous year) and program exit (or end of operating year for households continuing services in the following operating year), if eligible individual living with HIV/AIDS accessed services.

Category of Services Accessed	Number of Households receiving HOPWA Housing Assistance		Number of jobs that included health benefits

ii. Had contact with a case manager/benefit counselor at least once in the last three months (or consistent with the schedule specified in their individualized service plan)			
iii. Had contact with a primary health care provider at least once in the last three months (or consistent with the schedule specified in their individualized service plan)			
iv. Had medical insurance coverage or medical assistance			
v. Obtained an income-producing job created by this project sponsor during the year			
vi. Obtained an income-producing job outside this agency during the year			

5. Appendix

Worksheet on Determining HOPWA Housing Stability Outcomes.

This chart is designed to help you access program results based on the information reported above.

Type of Housing Assistance	Number in stable housing	Number in unstable situations	Percent Stable/total
Tenant-based Rental Assistance (TBRA)	(# remaining in program plus 3+4+5+6=#)	(1+2+7+8=#)	
Facility-based Housing Assistance	(# remaining in program plus 3+4+5+6=#)	(1+2+7+8=#)	
Short-term Rent, Mortgage, and Utility Assistance (STRMU)	(3+4+5+6=#)	(1+2+7+8=#)	
Total HOPWA Housing Assistance			
Prior Year Results			

Background on HOPWA Housing Stability Codes

Short-term Housing

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, and temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center). * *STRMU assistance is considered short-term housing assistance. Refer to outcome indicators below to correctly categorize households. STRMU is considered unstable, if there is a reasonable expectation that additional support is needed.*

Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing assistance (not STRMU), e.g. TBRA or Facility-based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility, hospital).

Life Events

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

STRMU assistance: **Stable Housing** is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain private housing arrangements (as this is a time-limited form of housing support) as shown as items: 3, 4, 5, and 6. **Unstable Situations** is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year. Report under items 1, 2, 7, and 8.

Tenant-based Rental Assistance: **Stable Housing** is the sum of the number of clients who (i) remain in the housing and (ii) those who left the assistance as shown as items: 3, 4, 5, and 6. **Unstable Situations** is the sum of numbers reported under items 1, 2, 7, and 8.

Facility-based forms of housing assistance: **Stable Housing** is the sum of the number of clients who (i) remain in the housing and (ii) those who left the assistance as shown as items: 3, 4, 5, and 6. **Unstable Situations** is the sum of numbers reported under items 1, 2, 7, and 8.

Prior Year Results. As a baseline for assessment purposes, please indicate information of this nature collected in the prior performance year (if available) and compare these numbers and percentages to the current year assessment.
