Minneapolis voter information

How to mark a ballot

Every voter in Minnesota uses a paper ballot. You may use a pen, use a ballot-marking device* or have another person help you – the person of your choice or two election judges of different parties. Each ballot is inserted into the precinct ballot counter.

What if I need help on Election Day?

- Voters unable to enter a polling place may register and vote without leaving their vehicles.
- Voters may bring somebody to help or ask the election judges to help.

*Voting is accessible

Each polling place has a voting device that helps a voter with a temporary or permanent disability to vote privately and independently. The device has headphones for an audio ballot and an enlarged or high-contrast screen display. A voter can mark a ballot using the touch screen, key pad or sip/puff tube.
