ATTN: Mr. Gordon Bates
Assistant Fire Marshal

RE: Fire Safety Systems Fee Increase

Dear Mr. Bates:

In general, N.F.S.A. supports the proposed fire safety systems fee increase if the increased revenue is used for implementing a shorter plan review turn around time.

A shorter turn around time enables our contractor members to stay on schedule with their projects. A shorter turn around time enables our clients to move into their new buildings and/or remodeled areas on schedule without needless delay.

Sincerely,

Ronald D. Peil
President
N.F.S.A.
