Background/Supporting Information:

On February 15, 2008, the City Council approved the Asphalt Pavement Resurfacing Program. The purpose of this new program is to extend the life of some city streets which are not scheduled for any preventative maintenance, renovation or reconstruction in the foreseeable future. This resurfacing program is targeting neighborhoods and MSA streets that are at a point in their life cycle where a new surface will extend the street's life, improve ride quality and neighborhood livability, and help slow the overall deterioration of our City street system.

The purpose of this letter is to designate the location, streets and improvements, and establish the special assessment improvement proceedings for street resurfacing. The improvement of the street will be an asphalt mill and overlay.

Nicollet Av South Project No. 5188

The location of the street resurfacing project is Nicollet Av S from 58th St W to 61st St W. Nicollet Av S in this project is MSA Route No. 430.

As provided in Chapter 10, Section 8 of the City Charter, submitted herewith is a list of parcels with owner's names, as nearly as can be readily ascertained, which would be benefited by and assessed for the Nicollet Av South Resurfacing Project.

As provided in Chapter 10, Section 8 of the City Charter, submitted herewith is a list of parcels with owner's names, as nearly as can be readily ascertained, which would be benefited by and assessed for the 60th St East Resurfacing Project.

Also submitted is a cost estimate of \$159,600 for the 60th St East Street Resurfacing Project.
