Background/Supporting Information:

History

In 1990, the United States Environmental Protection Agency (EPA) issued regulations that required all stormwater runoff from municipalities with populations greater than 100,000 to be permitted under the National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Program. This program is also called Phase 1 of the Federal stormwater requirements. The Minnesota Pollution Control Agency (MPCA), under a delegation agreement with the EPA, issued NPDES and State Disposal System (SDS) Stormwater Runoff Permit # MN0061018 (Permit) to the City of Minneapolis (City) and the Minneapolis Park & Recreation Board (MPRB), as co-permittees, on December 1, 2000 and re-issued the Permit on January 21, 2011. The Permit requires the implementation of stormwater management activities that are designed to mitigate the pollution effects of urbanization on stormwater runoff.

Requirements for Annual Reporting, Public Comment, and Council Action

The Permit requires that the permittees prepare and submit an Annual Report of activities for the previous year. The Permit also requires that opportunities be made for the general public to provide comments regarding the draft Annual Report. The comments must be solicited and received prior to the Annual Report submittal to the MPCA. The cutoff date for comments by the general public regarding this year's draft Annual Report is Noon on Wednesday, September 21, 2011. The Annual Report will then be finalized and submitted to the MPCA on September 28.

A notice to the parties listed on the Attachment is being sent, indicating that the draft Annual Report will be available for viewing on the following City website:

<http://www.ci.minneapolis.mn.us/stormwater/NPDESAnnualReportDocuments.asp#TopOfPage>

A paper copy of the draft Annual Report will also be available for viewing between August 23 and September 21 at either of the following locations:

- Office of the City Clerk, Room 304 City Hall, 350 S. 5th Street, Minneapolis MN 55415 between the hours of 8 AM and 4:30 PM Monday through Friday; or
- Public Works Surface Water & Sewers Division, Room 300 City of Lakes Building, 309 2nd Avenue S., Minneapolis MN 55401 by appointment with Trevis Graham at (612) 673-3636 or Nancy Josie at (612) 673-3609, between the hours of 7:30 AM and 4 PM Monday through Friday.

A summary of the public's input, and the City's response to those comments, are also required to be included in the final Annual Report. The City Council's formal resolution of adoption must also be submitted to the MPCA along with the final Annual Report.
