## ADMINISTRATIVE REVIEW OF ACCESSORY STRUCTURES TO INCREASE HEIGHT OR FLOOR AREA APPLICATION

---

### 537.50. Maximum height.

- (a) *In general.* The maximum height for all accessory structures shall be limited to the maximum height requirements for principal structures in the district in which the accessory structure is located, except as otherwise provided in this zoning ordinance. The maximum height of detached accessory dwelling units shall be governed by section 537.110.
- (b) *Accessory structures located in the residence and OR1 Districts.* A detached accessory structure, accessory to a principal use located in a residence or OR1 district shall not exceed the height of the principal structure or twelve (12) feet, whichever is less. The maximum height may be increased to sixteen (16) feet or the height of the principal structure, whichever is less, where the primary exterior materials of the accessory structure match the primary exterior materials of the principal structure and the roof pitch matches the primary roof pitch of the principal structure, and provided the wall height shall not exceed ten (10) feet from the floor to the top plate. The zoning administrator shall conduct the administrative review of all applications to increase the maximum height of accessory structures. All findings and decisions of the zoning administrator shall be final, subject to appeal to the board of adjustment, as specified in Chapter 525, Administration and Enforcement.
- (c) *Accessory structures located in all other districts.* Structures accessory to a structure originally designed or intended as a single- or two-family dwelling or a multiple-family dwelling of three (3) or four (4) units, shall not exceed the height of the principal structure or twelve (12) feet, whichever is less. The maximum height may be increased to sixteen (16) feet or the height of the principal structure, whichever is less, where the primary exterior materials of the accessory structure match the primary exterior materials of the principal structure, and provided the wall height shall not exceed ten (10) feet from the floor to the top plate.

### 537.60. Maximum floor area.

- (a) *In general.* The floor area of any accessory structure shall be included in the total allowable floor area permitted on the zoning lot. The maximum floor area of accessory dwelling units shall be governed by section 537.110.
- (b) *Accessory uses and structures located in the residence and OR1 Districts.*
- (1) *Single- and two-family dwellings.* The maximum floor area of all detached accessory structures, and any attached accessory use designed or intended to be used for the parking of vehicles, shall not exceed six hundred seventy-six (676) square feet or ten (10) percent of the lot area, whichever is greater, not to exceed one thousand (1,000) square feet. Detached accessory structures greater than six hundred seventy-six (676) square feet in area shall utilize primary exterior materials that match the primary exterior materials of the principal structure and the roof pitch shall match the roof pitch of the principal structure. The zoning administrator shall conduct the administrative review of all applications to increase the maximum floor area of accessory structures. All findings and decisions of the zoning administrator shall be final, subject to appeal to the board of adjustment, as specified in Chapter 525, Administration and Enforcement.
