

# MINNEAPOLIS POLICE DEPARTMENT CAPRS OFFENSE CODES SORTED IN UNIFORM CRIME REPORT HEIRARCHY ORDER

The Uniform Crime Reporting process is organized and managed by the U.S. Department of Justice, Federal Bureau of Investigation. It was established to collect similar crime information from all communities throughout the United States to monitor local, regional and national crime trends.

Not all crimes readily come to the attention of the police and consequently are not good indicators of a community's criminality. Therefore, for practical purposes, the F.B.I. settled on a group of eight crimes to use as a national standard to measure criminality, because they are frequently reported, because of their seriousness and their volume. Collectively the eight crimes are known as the UCR Part I Offenses. The eight crimes are:

- 1) Criminal Homicide
- 2) Forcible Rape
- 3) Robbery
- 4) Aggravated Assault
- 5) Burglary
- 6) Larceny Theft
- 7) Motor Vehicle Theft
- 8) Arson.

The Part I Offenses are further sub-grouped into Crimes Against Persons and Crimes Against Property. In the UCR Program, the offenses of Criminal Homicide, Forcible Rape and Aggravated Assault are crimes against persons and one offense is counted per victim. Robbery, Burglary, Larceny Theft, Motor Vehicle Theft and Arson are crimes against property and one offense is counted per event except in the case of Motor Vehicle Theft where one offense is counted per vehicle stolen.

A second grouping of crimes known as the UCR Part II offenses include all criminal offenses not included in the above categories. Some offenses, largely local ordinance violations, are excluded. The Part II offense groups include Narcotics, Prostitution and Gambling. These categories reflect proactive enforcement action. Consequently they are **not** indicators of criminality but indicators of enforcement action.
