The City of Minneapolis, Department of Public Works, Division of Solid Waste & Recycling (SW&R) has several Clean City Minneapolis Programs available for city residents, businesses, organized block clubs, associations, and neighborhoods. With these Programs, we intend to create many partnerships throughout the city to help keep our areas clean and attractive. Organizers and volunteers can quickly react to litter, graffiti, and other assaults to their environment; SW&R will partner with Program participants and support their needs.

We recognize that all clean up events do not fit into the established Adopt-A-Litter Container, Adopt-A-Block or Adopt-A-Street/Highway Programs. So, for other types of cleanups, SW&R will partner with the organizer by providing certain tools, supplies, and disposal for authorized events where volunteers commit to cleaning specified common areas.
