Definitions and License Requirements

Minneapolis Code of Ordinances, Chapter 201.10

The following types of foods **CANNOT** be sold under any of the exemptions below: apple or fruit juice; pumpkin pies; custard pies; cream puffs; low acid canned foods such as green beans, corn, peas, mushrooms, soups, meat, fish, or eggs; any other ready-to-eat, potentially hazardous food products containing meat, eggs, dairy, or any product that requires refrigeration. Preparation for these products must occur in a licensed commercial kitchen and you will need either a <u>Market Distributor</u> (off-site consumption, no food handling on-site) or <u>Market Manufacturer</u> (immediate consumption, food handling on-site) license. Applications are available by clicking the <u>underlined words</u>.

Agricultural Producer: A grower, farm processor, or a group of growers or farmer processors belonging to a growers' cooperative, or wild-harvester, that is principally engaged in the production of farm and wild-harvested products. Contact your Market Manager for application materials.

Craft Producer: A market vendor who manufactures or crafts non-food goods by the force of their own labor, who has control over the means and methods of production, and who assumes the principal financial and liability risk for the production enterprise. No license required. Call the State of Minnesota, 651-296-6181, for sales tax requirements.

Farm Processor: A market vendor who sells products that are grown, raised or harvested on land owned or leased by the farm processor and which products may have additional ingredients added that are not grown, raised or harvested by them on their land such as to produce sausage, bacon, cheese etc., and who is licensed according to Minnesota law or city ordinance. Contact your Market Manager for application materials.

<u>Farmers Market</u>: A primarily outdoor recurring event, created for public benefit, where on designated days and times, a group of market vendors consisting principally of agricultural producers (and may include food market manufacturers, food market distributors, craft producers, home processors and vendors of services) are organized for the purpose of selling their products directly to the public.

<u>Food Market Distributor</u>: A market vendor who sells fresh produce purchased from retail stores, wholesalers or agricultural producers, or sells prepackaged foods for **off-site consumption** (excluding home processors) provided that the vendor does not handle unpackaged food while at the market.

<u>Food Market Manufacturer:</u> A market vendor who sells and handles foods prepared for **immediate consumption** at the market.

Grower: A market vendor who sells products that are grown, raised or harvested on land owned or leased by grower including vegetables, fruits, eggs, meats (without added ingredients), plants, flowers, honey, maple syrup, etc. Contact your Market Manager for application materials.

<u>Home Processed Foods</u>: Products made through the transformation of raw ingredients into a finished food product prepared in the home including, but not limited to, jams, jellies, pickles, baked goods and confections.

<u>Home Processor</u>: A market vendor who sells home processed foods prepared by market vendor who has control over the means and methods of production, assumes principal financial and liability risk for the production enterprise, and who is not regularly engaged in the business of manufacturing and selling food.

Immediately Consumable: Products made through the transformation of raw ingredients into a finished food product intended for consumption at the farmers market including, but not limited to, any foods sold which are heated or prepared on-site, beverages, ice cream, or services that are provided during the designated days and times of the market.

Market Manager: The designated contact person responsible for the supervision, management, and control of the farmers market, mini market, municipal market, or produce and craft market.

Market Vendor: Any person or entity selling goods or services at a municipal, farmers, mini, or produce and craft market.

Plant Vendor: A market vendor who resells live plants or non-food plant products purchased from retail stores, wholesalers or agricultural producers, or sells such plants or plant products grown and harvested on land that is not owned or leased by the vendor. No license required.

Potentially Hazardous Foods: Foods that support the growth of bacteria and that require time or temperature control for food safety.

Vendor of Services: A market vendor who provides a service intended for immediate consumption including, but not limited to, chair massage or face painting.

<u>Wild Harvester</u>: A market vendor who sells products that are grown and harvested on land that is not owned or leased by the harvester and who is licensed according to Minnesota law or city ordinance.

GUIDELINES FOR DISPENSING FOODS AT EVENTS & MARKETS

Vendors, Event Sponsors and Market Managers are responsible for implementing Food Safety Standards

- 1. Provide electricity needs for cooking and lighting. NOTE: LP bottled gas (propane) greater than 20 pounds requires a permit from the Minneapolis Fire Department (612-673-3288). Gas hose must be constructed of rigid copper, black iron or galvanized pipe. Provide a fire extinguisher.
- 2. Provide a tent or canopy for the food stand. If at an event where the tent/canopy is on grass or dirt surface, you MUST provide flooring (mats, plywood, etc.) for the booth.
- 3. Store all foods, beverages, ice, utensils and paper products at least six inches above the ground or floor. **Label chemicals** and store soap, sanitizer, insect sprays and chemicals away from food and food related items.
- 4. Prepare all food in a licensed commercial kitchen or onsite. Home prepared foods are allowed ONLY for vendors listed in MN Statute 28A.15.
- 5. Transport all food products in insulated, covered (picnic) chests in clean vehicles.
- 6. Use mechanical refrigeration for keeping potentially hazardous foods cold.
- 7. **Reheat** food quickly **to 165°F** and **hold at 140°F or higher**. Outdoor use of **"Sterno"** and chafing dishes is **prohibited**.
- 8. Keep potentially hazardous foods, such as meats, fish, poultry, cooked rice, and salads at 41°F or colder or 140°F or hotter. Provide a metal-stem thermometer.
- 9. Prepare and serve all foods out of reach of the customers. Self-service is prohibited unless proper utensils are provided such as individual soufflé cups for dips, toothpicks for individual food samples, tongs for serving chips, paper plates for bread samples, etc.
- 10. Wear clean clothing and practice good personal hygiene. No smoking is ALLOWED in the food booth. NO eating or drinking (from open containers) at the food service/display counters.
- 11. **HAND WASHING:** WASH HANDS FREQUENTLY AND PRIOR TO HANDLING FOOD. Hand washing equipment (illustrations A and B) MUST be located within 10 feet of the food stand.
 - a. Provide soap, running water, paper towels, and catch bucket.
 - b. Hands MUST be washed with running water and soap.
- 12. A hand washing device supplied with running water at a temperature between 70°F and 110°F, soap, nail brush, and paper towels must be provided at all stands where food is prepared. (See illustration A)
- 13. For stands that are disassembled after each use, a gravity-fed hand washing device and three containers of sufficient size to immerse utensils (illustrations B and C) may be used in lieu of these requirements if:
 - a. only beverages are served from their original containers or bulk beverage dispenser;
 - b. only prepackaged, non-potentially hazardous food is sold, prepared, or served; or
 - the menu is limited to prepackaged potentially hazardous foods cooked or prepared to order, or precut or prewashed foods that have been obtained from a licensed food establishment.
- 14. **UTENSIL WASHING EQUIPMENT:** Provide three labeled buckets big enough to accommodate the largest utensil. (See illustration C)
 - a. Wash bucket: dish soap and water
 - b. Rinse bucket: clean water
 - c. Sanitizer bucket: bleach/quat and water(1 tablespoon bleach for each gallon of water)
 - d. Provide test strips to monitor sanitizer concentration (50 – 220 PPM for Chlorine; 200-400 PM for Quaternary)
- 15. Failure to comply with the above guidelines can result in a (1) citation (2) closure of food booth or (3) denial of future permits.
