## Inspection Appointment Policy

Effective Immediately; City Staff will no longer be scheduling the initial appointments for licensees of Taxicab Vehicles who have not schedule their own appointment for their vehicle during their designated inspection month. Any Taxicab Vehicle that has not passed their inspection during their designated month will be ordered, “out of service” until an inspection has been completed and the vehicle has passed. “Out of Service” notification will be given to the service companies for vehicles that have failed their inspections during their designated month. This notification will occur on the first business day of following month after their designated month for inspection.
