

Hennepin Ave S Reconstruction Project

(W Lake St. to 26th St)

Construction & Traffic Impact Update

December 15 - January 11, 2025

Construction work: Partial Intersection Restriction Sanitary Sewer Conduit Work Storm Sewer

Traffic impact: Lane Closures/Work Zone Travel Lanes Roadway Closure Roadway & Sidewalk work

Page 1

WHAT'S HAPPENING

Lake St to 26th St

- Hennepin Ave is open to traffic. There will be misc. work on lighting and signals throughout the winter months.
- Buses have returned to Hennepin

WHAT TO EXPECT

Lake St to 26th St

- Roadway & Utility work using heavy equipment will increase noise, vibration, and dust in work areas and sidewalks.
- Cross streets will at times be reduced to 1-lane.
- Parking lanes will be closed at certain locations on side streets.
- Business access will remain open during the construction.
- Pedestrian detours will be set up as needed. Greater impacts can be expected at intersections where work is occurring.

Hennepin Ave S Reconstruction Project

(W 26th St. to Douglas Ave)

Construction & Traffic Impact Update

December 15 - January 11, 2025

Page 2

Construction work: — Xcel Energy Duct Bank

Partial Intersection Restriction

Traffic impact: — Lane Closures

Travel Lanes — CenterPoint Gas

WHAT'S HAPPENING

26th St to Douglas Ave

- Utility work on Phase 2 between 26th and Franklin will continue through the winter. Xcel Energy will be work in the east side parking and north bound lanes to install new concrete duct banks and manholes.

WHAT TO EXPECT

26th St to Douglas Ave

- Roadway & Utility work using heavy equipment will increase noise, vibration, and dust in work areas and sidewalks.
- Vehicle traffic will reduce travel lanes down to 1-lane in both directions during non-rush hours. Depending on the block's construction activity.
- Cross streets will at times be reduced to 1-lane.
- Parking lanes will be closed at certain locations on side locations.
- Business access will remain open during the construction.
- Pedestrian detours will be set up as needed. Greater impacts can be expected at intersections where work is occurring.
