Minneapolis City Ordinance Chapter 45.30 Environmental Permit fee refunds

Refunds of any environmental permit-related fees collected by the city in accordance with this chapter are as follows:

1. Full refunds may be granted due to Minneapolis Health Department errors.
2. If none of the work authorized by a permit has started, an administrative processing fee as established by section 45.90 will be retained by the city. The remainder of the fees will be refunded to the permit applicant.
3. If any of the work authorized by a permit has started, the department may retain a percentage of the fee for such permit equal to the percentage of work completed in addition to the processing fee.
4. Well fees are nonrefundable except as provided for in Minn. Rule Part 4725.1836.
5. All claims for refunds of permit fees in accordance with this section shall be made to the health official within one hundred eighty (180) calendar days of the payment of said fees.
